M-A-D, the Movement Against Destruction, is a coalition of community organizations and individuals dedicated to preventing the construction of interstate highways through the city of Baltimore.

It is also developing a viable, citizen oriented, alternative to Baltimore's transportation needs.

For information about joining, helping, or contacting its speaker bureau for a presentation of M-A-D's side of the road, write

ROAD

THE

YES - THE ROAD CAN BE STOPPED

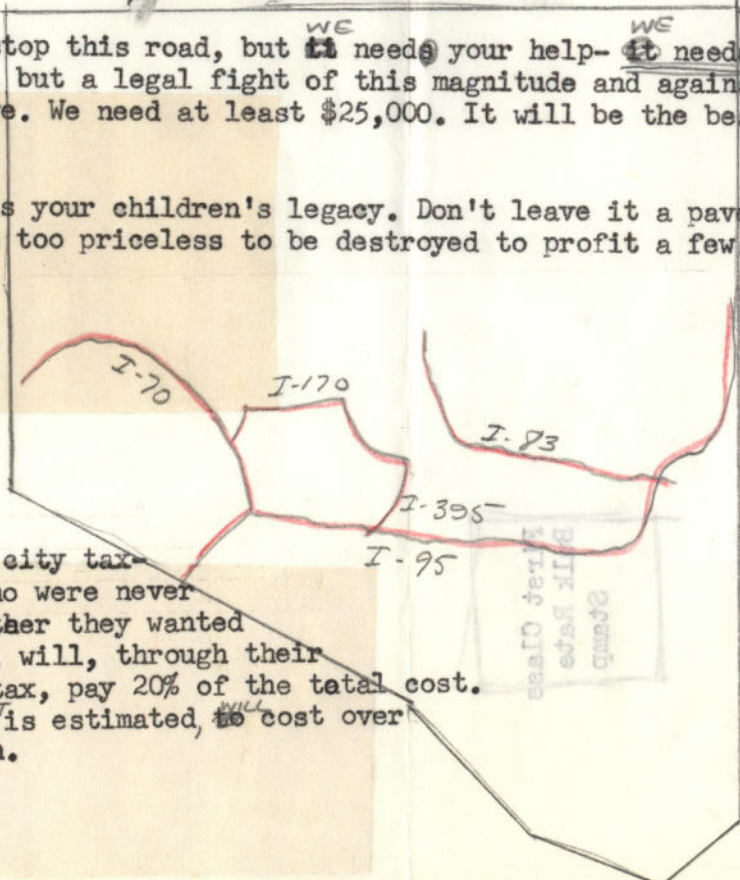

"THE ROAD" is the proposed 3A system - 28 miles of Interstate Highways through neighborhoods and parks and historic districts of Baltimore city. It includes eight lanes through Leakin Park, through Fells Point, through Fort McHenry, through west Baltimore's Franklin-Mulberry corridor. This system will be the justification of mini expressways- Cold Spring lane, Northern Parkway, Hilton St plus endless street widenings to accomodate the self-fulfilling prophesy of more traffic.

The 3A highways will affect us all - higher taxes, poor schools, more pollution, more abandoned houses. No other city has profited from the tax dollars it has spent for in-city Expressways. Boston has said NO! to all further highway construction within its beltway.

You too can say NO! to this mindless destruction of ^{OUR} a city for the enrichment of the road gang. WE CAN STOP THIS ROAD. M-A-D has already started legal action. Only through the courts can we successfully fight this threat. We can force the highway builders to comply with Federal law - hold public location hearings; ~~to~~ make honest studies of the impact this road system will have on our environment; ~~to~~ consider the alternative of no road at all; ~~to~~ view mass transit as a solution to the city's transportation needs.

M-A-D can stop this road, but ~~it~~ ^{WE} needs your help- ~~it~~ ^{WE} needs money. We are winning the battle, but a legal fight of this magnitude and against such formidable odds is expensive. We need at least \$25,000. It will be the best investment ~~we~~ ^{YOUR} ever made.

This city is your children's legacy. Don't leave it a paved and polluted wasteland. It is too priceless to be destroyed to profit a few.

Baltimore city tax-payers, who were never asked whether they wanted this road, will, through their property tax, pay 20% of the total cost. This road is estimated ^{to} cost over \$2 Billion.
