

Series II. Roland Park properties

Arrangement of Series:

II-A. Architectural Drawings

Following Plat and public improvement files (13 boxes), **individual property drawings** are arranged alphabetically by street name, then by address number. (note that prefixes to street names such as "North", "West" or "The" are not used.)

II-B. Architectural Specifications

are also arranged alphabetically by street name, then by address number.

II-C. note: there is no correspondence in this series

Creator: Roland Park Civic League, Roads & Maintenance Corporation

Volume: ¼ In. ft. of textual records; 36 sets of plat maps and public improvement plans; 150 sets of individual property drawings.

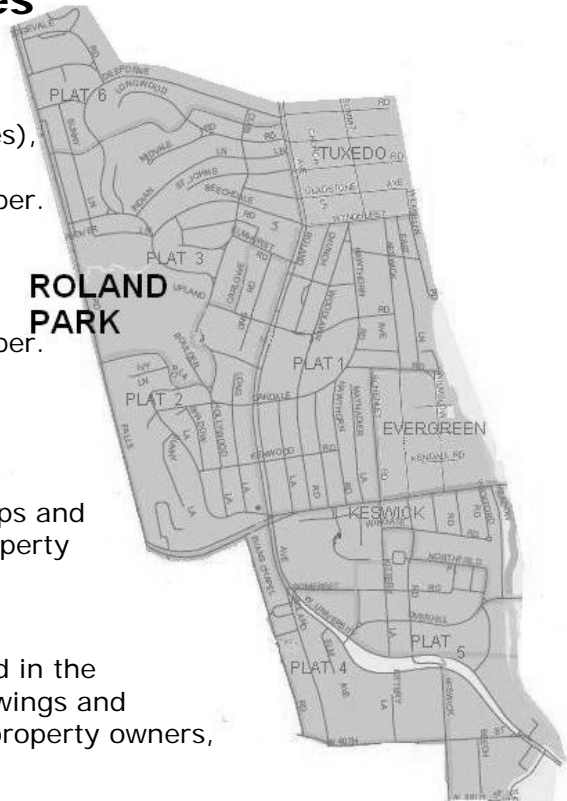

Inclusive Dates: 1903- 1977 (bulk 1920-1960)

Scope and Content: This series contains drawings used in the maintenance of public improvements, as well as drawings and specifications submitted for architectural review by property owners, their architects or contractors.

Unlike other series in this archive, many files were lost or removed before its transfer to the archives. Original file numbers are noted in the left column of the listing.

Also note that most properties lie within the **Roland Park Historic District**, but that some lie within the pre-existing neighborhoods of Tuxedo, Evergreen and Keswick.

Administrative History: see *Collection Guide introduction*.
