You will observe, by reference to the other side, that you are listed as a member of one of the active committees engaged in the very laudable task of evolving a creditable method of celebrating the One Hundredth Anniversary of the laying of the corner-stone of Washington Monument.

Splendid work has been done so far, for which I thank you. I hope you will continue your good efforts until the final result is produced in all of its expected success.

Sincerely,

James H. Preston
