Rescued by General Mihailovich, Inc.

For over 45 years our committee of 500 World War II MIA's (now senior citizens approximately 70 years of age) have tried to express our gratitude to the freedom-fighter and anti-communist... General Draza Mihailovich for saving our lives when we were shot down in enemy-occupied Yugoslavia...

...one final appeal for support to fellow Americans who are as grateful as we are to those who save Amercian lives on foreign soil...

Currently under consideration before the 101st Congress are two bills (HJRes.156 and SJRes.18)...

We desperately need all the letter writing support we can get from "grass roots" Americans...

*My Fellow Serbs:
General Mihailovich was posthumously awarded the Legion Of Merit by President Truman under recommendation of General Eisenhower for "contributing materially to the Allied cause and being instrumental in obtaining a final Allied victory," yet our State Department kept it secret for over twenty years.
Our quest will not be easy as the years have shown. Please join me in writing to your senators and Congressman in support of these two bills currently in our 101st Congress.
Thank you.
Sam (Savo) Subotich*
