COVENTRY

My name is Amanda Brook. I am a 47 year old English woman. In January 1987 I went to live in Yugoslavia with my partner Ilija Celar. We lived in the town of Osijek. I am of independent means and do not work. I discovered Osijek to be a very pleasant place to live, I made many friends in the community where mixed marriages have resulted in families of Serbian/Croatian/Hungarian/German origins. Up to the 1990 Croatian elections we freely discussed politics, religion, issues of whether Yugoslavia should join the common market and the political future of the country.

The general feeling amongst a wide circle of friends which included professionals, manual workers and professional musicians was their total disillusionment with the communist system and the belief that any other party system would be preferable.

Economic stagnation and their isolation from Europe being the main criticism of the system apart from no freedom of speech.

There was a fever of excitement at the prospect of the advent of democratic freedom. As the election campaign grew in 1990 I began to realise that emphasis had begun to shift away from general talk of freedom towards Croatian nationalism. After the election and the H.D.Z. Croatian party, triumph of this Croatian Nationalist fervour began to take sinister overtones. Serbians began to lose their jobs especially those in management, statements appeared denying Croatians had any ill intentions towards Gypsies, Jews or Serbians.

Croatian friends, members of H.D.Z. began to explain to me that ethnically pure Croatians with three generations of parents Croatian were needed to build the new Croatian state. Many said they were "pure" and could join the Croatian Militia especially since they would be paid 100 Duetche marks a day.

In October 1990 I saw the streets of Osijek men dressed in dark blue para military uniforms carrying machine guns. I was bewildered and asked who they were? What powers did they have? I asked the police inspector who had renewed my visa every three months from 1987. He said "I am Serbian, please do not ask such questions - it is unwise".

In January 1991 at 9.00 pm one evening two of these men dressed as para military came to our home. They asked for a list of my Serbian friends and what my political opinions were. I refused and told them I would ring my embassy. They left the house.

I protested the next day to the mayor of the city. The police chief and his deputy came that morning to my house and said they had no idea who had sent them and that they were probably imposters, they begged me not to telephone my embassy. I did not.

Two weeks later two more Croatian National Guard (as I had now learned who they were) came to our house in the afternoon and asked the same questions, I challenged them and they said it was normal to check that foreigners lived where they said they did. They behaved in a most threatening manner and after they left I telephoned the British Embassy in Zagreb. A woman with a Yugoslavian accent answered and told me that the Consul was in Belgrade. I asked her if she was a British Citizen and could I talk to her, she assured me she was and I could. I asked her "what is happening in Osijek, I am rather afraid of this apparent rise of fascism amongst the Croatian population here, this must have been how the brown shirts first appeared in Berlin in the 1930's". She replied "We won the election everything will be better". I was outraged and said "We are British, what do you mean we won the election". I terminated the conversation immediately.

For the first time I was afraid to live in Osijek so my partner and I moved to Jagodnjak. We began to receive telephone calls from friends in Osijek, some Croatians saying that Ilija was in danger as a suspected Serbian radical and was on a death list.

I left Yugoslavia in June to attend my father's funeral in England. Ilija begged me not to return as planned because the village of Jagodnjak was being shelled by Croatian militia. I did return on October 24th and spent three weeks in Beli Manastir, Jagodnjak being too dangerous. Daily bombardments from Croatian held Osijek and Belise of the whole area resulted in me spending many hours of the three weeks in the cellar of the neighbouring house.

I met and talked with refugee families who we helped with a little food and clothes, many were Serbian but these were Croatians, Hungarians and invariably mixed origin. They were all housed and helped.

There was a Yugoslavian Army presence but they took no part in the defence of the villages around us. The villagers are protecting themselves, they are armed and work with the local police force. They are Serbian, Croatian, Czech, Hungarian and from mixed origins.

They do not talk of a great Serbia they talk of "Baranja". There is much talk of house to house searches by Croatian Militia, who killed a 17 year old Serbian boy in Darda with knives, a 70 year old Serbian man by machine gun on his doorstep, a 45 year old ambulance driver also a Serbian shot in his ambulance.

These incidents and the shelling of the villages from Darda provoked the villagers to attack the Croatian Militia in Beli Manastir on August 18th and subsequently drive them all out of Baranje, they ran away to Osijek. However still Croatian snipers are firing into the villages at any moving targets and the bombardment from Osijek and Belise made me leave Yugoslavia on the 14th November.

Because it is still possible to telephone Osijek (but not Baranje) I have been in constant touch with a girlfriend and her family. She is half Serbian/half Croatian, she is afraid of everyone.

She has been in hiding in Osijek for four months because she was my friend and believes she would be arrested because of this. On the 15th November I telephoned her from Coventry and begged her to leave and go to Baranje through Hungary because this route is open. She said "The BBC news is our main source of information, they tell us the Yugoslavian army and the Serbian terrorists will kill us as they did in Vukovar, where can I go, everyone wants to kill me?"

I begged her to believe that in Baranje there were many refugees of all races. She would be safe but I could not convince her because she said the BBC were known to tell the truth, she could believe them more than me.

On 20th November I again urged her to leave, she said the BBC say the UN will send troops, I said it will be too late for you if you wait - please leave now. She finally agreed to leave.

On November 21st the last time I was able to contact her, she was crying. She told me the Croatian militia are refusing to allow anyone under 60 years to leave Osijek, she said there was little water, little food.

I telephoned the BBC to protest at bias and innuendo in their reporting. I was told by the duty officer that he was noting my comments but did not have the time to listen to my personal history, when I tried to explain that I had lived there and seen for myself the current situation and I believed the BBC could be responsible for many deaths in Osijek if they persisted in persuading the people not to seek refuge in Serbia because they would be killed, he repeated that he did not have the time to listen.

I am a fairly ordinary English woman of no particular fame or fortune, I have witnessed the rise of a fascist state, the new fascist state of Croatia, I did not like what I saw. I was extremely frightened by the experience. I felt no such fear in Baranje or Serbia.

I cannot understand why journalists cannot see what I can see.

I cannot believe my society will in any way support fascism which to the British society is so abhorrent.

JAN 2 1992

Dear Ms. Bentley,  
My cousin who lives in the USA has sent me a copy of the Congressional Record with one of your speeches on Yugoslavia.

I send you copies of two documents concerning Yugoslavia. Both are important. It is, to my knowledge, the first time that they have appeared in English. Please make as much use of them as you can.

The book by Franjo Tudjman has been very difficult to obtain and has put those involved in some considerable danger. Tudjman's agents are most anxious to suppress it. The book is some 500 pages long and is revisionist, anti-semitic and utterly disgraceful. It touches on subjects ranging from Aristotle to Jean--Paul Sartre. But its core deals with the Jews, the Jasenovac concentration camp, the Serbs, World War II and the Ustaša. I could send you more, but it is all exceedingly unpleasant.

I would add this: Let no-one imagine that this represents the eccentric thoughts of an individual. I have thirty years experience of Yugoslavia. I speak Serbo-Croat well and have spent much time in the study of Eastern European history, particularly of the Balkans. During these years, I have built up a considerable range of contacts amongst the different peoples of Yugoslavia at all levels, both civil and military. I have heard the kind of sentiments expressed by Tudjman repeated time and again by educated people in Zagreb - such as, for example, in the Ruđer Bošković Research Institute. Many of these are now closely connected with the nationalist regime. One such prominent Croat intellectual said to me a long time ago: 'We are not Slavs at all, you know. We are descended from the Goths. We are *Aryans*'. In other words, Tudjman's book simply shows how the entire nationalist leadership thinks.

It is also worth adding that as soon it is realized that one is a foreigner and in particular, English (and for long periods I was able to avoid such recognition), the tone abruptly changes. Democracy is stressed, parliamentary procedure is admired. This has also been the pattern throughout this crisis. The nationalists have successfully hidden from Western eyes and ears the vicious racism which is at its core. We have never had any inkling of the inner psychology of Croatian nationalist thinking. We have simply been taken in by a suave manner. The Serbian rage has been utterly incomprehensible to us.

I should say that I am in fact a Professor of Chemistry at Bristol University. I spend most of my time with my research group and with my teaching. Yugoslavia has been a purely private (and 'academic') interest - until this crisis developed. To my dismay, I realized that no-one in the West had hardly any idea of what the conflict was about - except those, particularly supporters of the Croatian nationalist cause - who had a special interest in promoting a particular view.

The second document concerns the background to this crisis. I have unearthed it from the archives of the Serbian Academy of Sciences. It is a

contemporary account of the Croat massacres of Serbians in 1941-42. Much of the present conflict stems from the sheer outrage on the part of the Serbs at the resurgence of extreme nationalism in Croatia - and the refusal by the West to understand the holocaust which they have suffered. Serbian families whom I have known for decades live with these kinds of memories *all the time*.

If, under the pressure of Germany, we now recognize Croatia, the Tadjman regime will immediately receive large quantities of German weaponry. There will be bloodshed on a scale not seen in Europe since the Second World War. The Serbs will not give in. Anyone who knows them will immediately understand that. War after war will be fought with increasing ferocity - right in the heart of Europe. Other countries will inevitably be sucked into this: Practically all the surrounding countries have 'claims' on parts of Yugoslav territory.

The creation of an 'ethnically pure' state such as Croatia, albeit with some 'minorities' cannot be achieved without inflicting unspeakable horrors - of the kind we all hoped would never be repeated after 1945. The only possible decent solution for the peoples of Yugoslavia is a multi-ethnic, multi-religious, multinational framework. If we now abandon this under German pressure, our grandchildren will read of this folly with disbelief and disgust.

I could see from your speech that you have a great deal of material. I would be very grateful if you could let me have copies - and in particular - the original sources for them. You also mention a film: Would it be possible to have a copy of this? I am anxious to help the Yugoslav cause in any way that I can - but time is now very short. I would be glad to be put into contact with any similarly-minded organizations or persons in the United States.

Please call me if you require any more information. You may also speak to my cousin Irving Gerratt who lives in Dennisport, Mass. his number is: 508-398-3066.

Yours sincerely,

Joseph Gerratt.

P.S. I have also included one or two additional items which may be of interest.

## Mr M. Djilas

ORATOR: DR J. GERRATT  
*Mr Chancellor,*

Today we honour a most extraordinary person, one who has not only lived through some of the most tumultuous years of this century, but who has played an essential role in fashioning these events, the culmination of which we see today in the huge changes now taking place all over Eastern Europe.

I speak, *Mr Chancellor*, of Milovan Djilas, philosopher, Partisan, former Vice-President of Yugoslavia, writer, historian and translator.

What is it that drove a dreamy student of philosophy at Belgrade University into becoming a revolutionary Communist, a tenacious warrior and a fearless statesman? What moral imperative drove him at the very zenith of his career, to throw it all away and become a writer and historian? Part—but only part—of the answer is to be found in his nationality, for Djilas comes from the tiniest, and quite possibly the fiercest of all the European nations.

If, *Mr Chancellor*, you and the distinguished members of the Council were to take ship from Venice and sail south along the Adriatic Coast (I would not accompany you, for I could not afford it on the salary I am paid), you would after two or three days come upon an extraordinary sight: the sea-shore opens up into a great fjord and, around it, the mountains rise sheer into the sky. This is the land of the Black Mountain, Montenegro according to the Venetians, Crna Gora by its inhabitants. And it is from that mountain eyrie that Djilas comes. They are a stubborn and unyielding people, the only one in all the Balkans which the mighty Sultans of Turkey never succeeded in conquering. In other words, *Mr Chancellor*, once these people get an idea into their heads, it is very difficult to dislodge it. They are worse than the Committee of Deans.

As a young student in Belgrade before the war, Milovan Djilas was appalled by the contrast between rich and poor and by the constant quarrelling among the different nationalities that go to make up his country (and which, sadly, continues

*Mr Milovan Djilas receiving the degree of DLitt*

to this day). The Communists seemed to him to offer the only way forward and he joined their ranks. By the time Yugoslavia was invaded by the Nazis in 1941, Djilas had become a close associate of Tito and returned to Montenegro to organise an uprising there against the occupation. The politics of the Balkans are of immense complexity, but it is sufficient to say here that only the Partisans provided a broad appeal to all the differing nationalities of the country. Their prime role in the struggle against the Germans was first recognised by Captain F. W. Deakin who was parachuted into the highlands of Montenegro in May 1943. On the basis of his subsequent report Churchill decided to back the Partisans completely and sent Brigadier Fitzroy McLean in September of that same year as Head of the British Military Mission. At the end of the war, Yugoslavia was the only country of Eastern Europe that had liberated itself independently of the Red Army.

It is a great pleasure and privilege to have Sir William Deakin with us today.

As the first outsider to have any contact with the Partisans, Deakin was impressed above all else by the sheer intelligence of the leadership, and in particular by the ability of Tito and Djilas to argue freely and openly without any of the dull dogmatism that was the hallmark of Stalinism. At the end of the war the Partisans were victorious and were in control of the country. Djilas was now second only to Tito. The growing disenchantment of the Yugoslav party leadership with the Soviet view of post-war order in Eastern Europe culminated in the historic break with the Cominform in 1948. Djilas was closely involved

with these events and in his several missions to Moscow he had personally to face up to the wrath of Stalin. There are not many who did that and came away unscathed or, indeed, alive.

But by now Djilas too was assailed by growing doubts. These he expressed in his articles in the Party newspaper *Borba* which culminated in a tremendous attack upon the lifestyle of the new ruling élite. That was too much and in January 1954 he was expelled from the Central Committee and from his position as Vice-President. The high moral code which had led him to join the Communists in the first place now led him directly, not only to attack their behaviour in government, but to do so publicly. This was the first ever manifestation of *glasnost*. It was utterly incomprehensible. Djilas was not only close to Tito, he was the 'darling of the Party'. 'Djido, Djido,' cried Tito, 'you could have said all of these things amongst ourselves and we would have understood. Why did you have to write it in a newspaper?' But of course that was the whole point.

The fall of Djilas was a tremendous shock. He was very popular amongst intellectuals and students. He was also not without support both in the Party and the army—a support which cost some officers their careers.

What does a politician do when he loses his job? In most of Eastern Europe of that time he or she was shot. In this country, the answer is to take a lucrative directorship—a fate at least as final as being shot, but considerably less dignified. Tito, however, was not Stalin and Djilas was merely retired.

He began to write. The first result of this was a statement of the views which had led to his downfall. His book *The New Class* was by no means the first attack upon Communism, but it was the first to come from someone so closely connected with a ruling party. For this Djilas went to prison, the first of several such sentences. Ironically, the place where he was held, Sremska Mitrovica, was the very same where he suffered as a Communist rebel at the hands of the pre-war Royalist Government. It did not stop him writing. He once remarked to an American journalist: 'Our prisons are better than yours.' 'How so?' asked the astonished newsman. 'The toilet paper is very stiff,' came the reply, 'If I was in an American gaol I could never have written my books on your Kleenex.'

After a while Djilas was released. He promptly set about the writing of another book, one which had a huge impact on the West. *Conversations with Stalin* is an account of his dealings with the dictator of the Soviet Union. It gave for the first time intimate portraits of the top leadership of that country. For Djilas came, not as Churchill or Roosevelt, as a leader of a 'capitalist' country, but as a delegate from a 'fraternal' party and the Soviet leaders were much less on their guard. The book also brought for the first time to a wider audience Djilas' gifts as a writer and observer of human nature. Consider his description of Stalin's secret policeman, Beria: 'Beria was... a rather short man—in Stalin's Politburo there was hardly anyone taller than himself. He, too, was somewhat plump, greenish and pale and with soft, damp hands. With his square-cut mouth and bulging eyes behind his pince-nez, he suddenly reminded me of Vujković, one of the chiefs of the Belgrade Royal Police who specialised in torturing Communists.'

A stream of books followed, including a beautiful and lyrical account of the life of Peter Petrovic Njegos, Prince-Bishop of Montenegro, poet and philosopher. However, in his book *Wartime Djilas*, like Thucydides, writes of the great events in which he himself took part and in so doing provides us with what must surely be the definitive account of the Partisan war. To my mind two features of this work stand out. The first is Djilas' painful honesty in dealing with the grim decisions of war. The second is his unfailing courtesy to his enemies and to those of his countrymen who did not share, and indeed opposed, his cause. His portrait of Colonel Stanišić, a prominent member of the Royalist Cetniks, is not unsympathetic and in his brief parley with the Germans in March 1943 we see all of Djilas' gifts of critical observation fully displayed.

But his most recent work stands out as an achievement which, surely more than any other, must contribute to his immortality: his translation of Milton's *Paradise Lost*. Everyone who has seen it has wondered at the perfection with which he has rendered Milton's poetry into his native Serbo-Croat. It is a major addition to the literature of the South Slav peoples.

If the great dinner which this evening, *Mr Chancellor*, you offer

our honorary graduands, was given in the Balkans, then even today there are wandering minstrels, direct descendants of Homer, who would come and sing for your guests an epic tale of the deeds of great heroes. There is no doubt in my mind that amongst his own people, the words and deeds of Djilas will be remembered in this way. For in honouring him, we honour the noblest of human virtues: moral integrity, formed and retained under immense pressures.

Djilas' own hero, I suspect, is Prince-Bishop Njegoš of Montenegro, who, in his epic poem *The Mountain Wreath*, provides a fitting description of Djilas' life:

'Čašu meda još niko ne popi,  
što je čašom žuči ne zagrči,  
Čaša žuči ište čašu meda,  
smiješane najlakše se piju'.

('No-one has yet drunk a draught of nectar

That was not followed by a cup of bile.

But there cannot be bile without nectar,

They must be drunk together.'))

*Mr Chancellor*, I present to you Milovan Djilas, author, poet and translator, as eminently worthy of the degree of Doctor of Letters, *honoris causa*.

*Sir Michael Angus receiving the degree of DSc*

well rounded, since the official history of the school contains a photograph of him as Lady Bracknell in *The Importance Of Being Earnest*.

At Bristol University, from which he graduated with an Honours Degree in Mathematics with Economics, he contributed widely to the life of the community. He played a very active part in the affairs of the Students' Union, and his excellence as a debater led to his election as Secretary of Debates. The minutes of the Union General Meetings give a fascinating insight into the matters that were of greatest concern to the students of that period. But I imagine that our future marketing manager for shaving foam does not normally reveal in his *curriculum vitae* that he twice—unsuccessfully I may add—attempted to move the motion 'That the present President and all succeeding Presidents should grow a beard'.

National Service was still in force at that time, but on graduation Michael Angus accepted a short-term commission in the RAF rather than the statutory two years' service. Soon he had his first taste of management, as a Flying Officer in charge of 150 men and women, and learnt the lesson of effective communication which has been a hallmark of his subsequent career. During this period he also married his wife Isabel, who came from the school next door to his—Stroud High School—and they have two sons and a daughter.

The year of Sir Michael's birth also gave rise to the appearance of another enterprising newcomer, Unilever, by the merger of the British Lever Brothers and the Dutch company Margarine Unie. One of the world's largest companies, Unilever is perhaps better known through the brand names of its ubiquitous

products such as Persil, Flora or Wall's sausages. On leaving the RAF in 1954 Michael Angus joined the Unilever personal products company D. & W. Gibbs as a management trainee. His first job was setting out chairs for sales conferences, and he even spent a very enjoyable six months on the road as a salesman. I don't know whether he is a fan of Gilbert and Sullivan, but maybe he was inspired by Sir Joseph Porter of *HMS Pinafore*. If I may remind you, *Mr Chancellor*:

'He polished up the handle of the big front door.

He polished up that handle so carefuller,

that soon he was the Ruler of the Queen's Navee.'

Only in Sir Michael's case it was first to appointment, at the age of 29, as marketing manager at Thibaud Gibbs in France. This custom of Unilever's of giving early responsibility to its high fliers, preferably abroad, he found a broadening experience both personally and professionally. He then progressed over the next ten years through other senior positions with Unilever companies, as Managing Director at Research Bureau Ltd, and then as UK Sales Director for Lever Brothers, before becoming a member of the main Unilever Board in London in 1970 as worldwide Co-ordinator for Personal Products. He considers detergents to be the toughest selling job bar none, and believes that the identification of key top management is the most important role of the chief executive in ensuring the success of a business, possibly also a university. He has fostered this wider interest in business affairs through association since 1974 with Ashridge Management College, of which he is now a governor.

But it was not all hard work. Sir Michael's innate sense of fun was apparent on one occasion when fashion wigs were very popular. He chose a curly brunette wig sent in by a manufacturer, and accompanied by two colleagues in a blond and a long black wig walked down a corridor in Unilever House. They nearly caused a riot.

A move in 1976 found him in a quite different type of business responsible for industrial chemicals, for Unilever is also part of that thriving enterprise—the British chemical industry. But Sir Michael's greatest challenge came when he was sent to North America in 1979 as Regional Director to sort out the

ailing US Lever Brothers subsidiary, which was losing out badly to Proctor and Gamble. As a start he took personal charge of Lever Brothers as Chairman—a very unconventional move since it was unusual for a main board director to take over the running of an operating company. He loved the excitement of New York, and commuted weekly between his Cotswold family home at North Cerney and Fifth Avenue. And during the inevitable spare moments of all this travel, even by Concorde, he could share your passion, *Mr Chancellor*, for intellectual brain-teasers, in his case mathematical puzzles. It was in this posting that he finally carved out his track to the top as the single person most responsible for putting the group back on the American map.

And thence in 1984 he returned to Unilever House to join Sir Kenneth Durham and Floris Maljers of Holland on the Special Committee, the unique ruling triumvirate of the world's biggest producer of branded consumer goods with 300,000 employees and an annual turnover of 20 billion. He is now Chairman of Unilever plc, and Deputy Chairman of its Dutch counterpart Unilever NV. He has also found time to keep up his outside commitments in the business area at home and abroad, in education and for charitable appeals. He was created a Knight Bachelor in this last New Year's Honours list. So, unlike Gilbert's First Lord of the Admiralty who never ever went to sea, by the time Sir Michael was the Captain of Unilever he had successfully piloted many of its ships through treacherous waters and travelled the globe extensively.

Back in the Cotswolds Sir Michael and Lady Angus have a home which they have lovingly restored to its former beauty, where they are surrounded by a multiplicity of animals from Great Danes and a herd of rare Cotswold sheep to goats. Cheese was a passion of theirs in their Paris days, and now Lady Isabel and their daughter turn out 70 pounds of Cerney goats' milk cheese every month. And he has not neglected attention to the prosperity of the area in which he has deep roots, having been responsible in 1987 in bringing a 40 million extension to the Walls factory.

*Mr Chancellor*, I have great pleasure in presenting to you Sir Michael Richardson Angus, distinguished West Country alumnus of this University, Chairman of

## Sir Michael Angus

ORATOR:  
PROFESSOR R. N. DIXON

*Mr Chancellor*,

We have just been celebrating the achievements of our newly fledged graduates and wish them well in the diverse careers upon which they will shortly embark. It is now my pleasure to present to you Sir Michael Angus, who was similarly sent forth from this University in the era of your illustrious predecessor, Sir Winston Churchill. If our new crop of graduands includes future Captains of Industry in Sir Michael's mould, then our country will be in safe hands indeed.

Michael Angus was born in Kent in 1930, the son of an optician, but his family moved to Stroud in Gloucestershire in his youth and he retains a lasting association with that county. At Marling School in Stroud, where he became Head Boy, he concentrated on the sciences. However, his education was clearly

When are you going to start showing the other side of the story on Yugoslavia? I am terribly distressed with the unfair reporting by your correspondents in regard to the civil war raging in Yugoslavia. Their rarely objective writing hampers the American public from getting both sides of the story and outrages the Serbian-American community, of which I am a member.

I cannot understand why your reporters fervently sympathize with one side, openly promoting the Croatian point of view. Day in and day out, all they send is pictures and stories of Croatian civilians, while the tragedy of hundreds of thousands of Serbian civilians is absolutely ignored. Over 250,000 Serbians have fled their homes in Croatia, 10,000 Serbian soldiers and civilians have been either shot or slaughtered, and more than 5,000 have been wounded. Yet your reporters ignore this tragedy and continually report only of the Croatian suffering.

Many of your correspondents' reports have been inaccurate and incomplete, only showing one side of the story and ignoring facts which are often of crucial importance, all with the purpose of painting a more tragic picture of Croats. For example, you have often reported on the federal military's attack on Dubrovnik. Over and over in early October I read your allegations that hundreds of shells fell on Dubrovnik's old city, yet according to some diplomatic sources, only three houses in the old city had sustained minor damages at that time. Your hyped reports were aimed at portraying the Croats as people who are just defending their city of Dubrovnik. However, you failed to

~~HOUSES OF PARLIAMENT  
THE HOUSE OF LORDS  
LONDON - PARLIAMENT SQUARE SW 1  
England~~

~~MARGARET THATCHER, Esq.!~~

How dare you, Madam, as an Ex-Prime Minister of a great nation to behave like an ignorant fishmonger and speak, (as you did in CNN on 8/9th Aug.) of the other great, old nation of Serbs and its President Mr. Milošević, fabricated disqualifications, insinuations, misguide the truth, law and rights of the geographical and historical rights of the native Serbs?!

I'am one of millions, and when I visited Parliament, I've been enchanted to find in the pillared hall all English kings and knew something of every. You, Baroness, are THE ONE out of millions, and have not the simplest information of the Leader of a Nation, to which you refer with disrespect. I don't intend to defend President Mr. Milošević, a born Gentleman, your insults are thrown to each of us, who don't look at our country as selling article. You've condemned us, without trial, by political press, spectacular sensations, for a crime of which you have no positive proof, just invented repulsive propaganda, attention on the deliberate stirring deep feelings. Appealing for a just, honest and IMPARTIAL reassessment would be encouraging the intrigues. But at least you should make sure the facts you speak of, are correct, before you pass. Just to remind you of a few:

- a/ Father of Mr. President was an Orthodox parish priest, and according to the ideologie of the Communists (present Democrats) it was the the greatest crime, and the families hated, disregarded, detested....
- b/ Mr. Milošević came into politics in the time, when the mass-media have produced Ante Marković as an expert of economical-financial, giant and who ~~is~~-again-of Croatia nationality, has celebrated the victory as Prime Minister of Federal Republik of Yugoslavia over the Serb (Mr. JOVIĆ) who should be the next after Croatin Branko Mikulić/ Prime Minister according to Constitution...
- c/ Three years ago Mr. Milošević has been by the press condemned as non-communist (from the living present demokrats or transformed communists), because he hasn't mentioned the name Tito and Socialismus, at the Holy Place of Serbs in Kosovo polje, ~~at~~ Celebration of 600 years anniversary of Battle against Turks (28.6.1989 - in that time was "Parliament President" Mr. Drnovšek)...
- d/ Mr. Milošević has not been a member of the FEDERAL Collective State, has not been a member-deputy of the Central Committee of Federal Comm. Party; You have made him, as OPINION MAKERS, the only one.

It's your mind interpretation of what you see. You have got a blind spot where we are consered and searching for a loophole for accusation.

The peak of political leadership, Constitutions and system of economic governments, institutions and political regime from 1945th have been in control of Croatian nationality, the second in command have been by turn Slovenian or Moslems. Tito has moved into the Kings castle in Belgrade and has been burried-interment in the Kings garden in the presence of the World, and yourslef, Baroness! The authority of Jugoslavia and the FEDERAL EXECUTIVE COUNCIL was taken, after Tito's death (do you know, that he was from the Croatian nationality?), over by Milka Planic - Croatin, and then passed over to Croatian Branko Mikulić (remember kidnapping of Achille Lauro) with his cabinet of Moslems majority; and next followed Croatian Ante Marković, whose cabinet or FEDERAL EXECUTIVE COUNCIL consisted of Croatian, the second in command have been Slovenian, or Serb with three Slovenian substitutes. The only real rival of Tito was Mr. Aleksandar RANKOVIĆ, and Tito had him dishonoured. Tito was the state himself, a state, where the law hadn't force and the individual had might, still have. I hope that the Serb will send TITOS CORPSE to his doubleagnet, headquarters General (your protegè), old communist (which is identical to naxis<sup>Ustaša</sup>) Tadjman, and to his native country Croatia, where he belongs.

One should forbid the prisoner of any kind to enter into the politics and to come to the executive power. Their natures are such that conflicts are inevitable, their approach to everything is so fundamentally different. Therefore their cabinets consist of prisoners (Pope was one of them) who are in constant quarrel with themselves and the persons around them, pbsessed by the devil of revenge... If they were politician by nature, they wouldn't land in prison.

Alija Izetbegović haven been 11 (eleven) years in prison and his religious fanaticism, fundamentalism is extreme. We are used to Islamic imaginations and every-days aggressions of oriental kind. But the hypocracy of Europe, who incited and stimulated neonacism and encouraged islamic brutality... Criminal mind or legalization of maffia.

SET THE DOGS against Germany and their MONSTOUS IDELOGY under the cover of "unit, collective mind of Europe". Germany is covered and surrounded from all the same countries, that were willingly in league with Hitler, after 1945 become extreme communists-satelits of Russia, and about tree years<sup>ago</sup> began to be "democratic". What a crueltwist of fate had it made, had made this happen in the round-about way to start again. History seems to be repeating itself in an even more sordid manner. This time the first historian enemy is not England or France, but Serbia. German's politician/diplomatic BLITZKRIEG is in a hysteric haste to aim.

INSTRUCTIONS from former communists-present democrats are to proclaim and publish the Yugosl. Army and the Serbs as "aggressors" and over them to come to "Indenpendence", "Islamic State" etc.

Prime Minister Marković ordered protection of Slovene border; head War-Minister Kadijević (Croatina) sent<sup>on</sup> young soldiers of all nations; General of 5th Region, Kolšek-of Slovenian nationality-was commanding General for Slovenia and Croatia, on 27th June 1991 and during the "war"

In February 1992 has been opened in Beograd The GENOCID MUSEUM in the War Museum, referring to the repeated holocaust against the Orthodox Christians and Jugoslave Army in the years 1990/1991 and 1992. You could get a videotape, if your mind is not poisoned.

At the same time it was issued by the Serbian Orthodox Church a documentary book, referring to the 97 ruined historical Orthodox churches by Croatian unregular formations in the period of 1990 - 1991. Besides, they have ruined Castle-Palace of the Orthodox Patriarch in Pakrac.

On loth/11th April 1992 has been destroyed in Zagreb complex, consisting of Orthodox Museum, Orthodox Palace of the Patriarch and the Church.

The so called "new democrats" in Croatia, consisting of ex-communists of the highest positions, Generals: <sup>Cr. Eichman</sup> Tudjman, Manolić, Djodan, Špegelj... and of federal statesmen, as well as from abroad returned USTAŠE, have declared new "democratic" Constitution by which the Constitutional native nation of Serbs was reduced to national minority. Try to remember the burning of the flags on playfields in 1990, the strangulation of a soldier in tank in Split (1991, May). Serb policemen were disarmed and dismissed from service, pressure and open attacks on people and goods. It returned the bestiality of the Catholics like in 1941-1945. The destructions are on the regions of Serbian population, Serbian own's land, which wish Croatia to include and transform into Croatian state. This parts are under UN CONTROL.

In 1941 there were <sup>lived</sup> 47% of Serbs included within framework of Croatian country or with other words, there were 47% Serb of the population in Croatia; in 1991th there are 12% of Serbs in Croatia, or they were?!

We hear every day of the religious and national differences, attacks and murders, killed people by Catholics or as deliberate act of revenge, by Protestants, all over the England. One would expect more understanding of the religious problems. As most of the commissions, foreign humanitarian association have come PREJUDICED, with in advance prepared scenarium, who knew what and where they are to refer to and what they should say to make impression, of the, from the "troika" or European community patronized governments, there was inflicted such incalculable amount of misery and pain on the people. Almost from the start the foreign countries did everything they could think of, to provoke.

If I was unjust, I apologise!

With regards,

Zora Šprager, Mrs.

P.S. The Independent Croatia of Hitler's time-1945-had declared war against U.S.A., even before Hitler himself did. It is still unknown, if this Declaration of War of Croatia against U.S.A. is still open, or if the present Independent Croatia as the successor of Nazis-Ustaše Croatia has concluded peace, surrender, defeat or else, where and when?

2nd PART

17th Aug., 1992

The Apostels, Saint CYRIL and METHOD have brought in 9th century to the SLAVS - the greatest race in Europe - the Christianity and the Holy Old Slavonic alphabet, still living language of Serbs, Cyrillic.

The Republik of DUBROVNIK have been up 7th century under Byzantinian-Orthodox influence, before it was transformed into Catholic majority. Napoleon has abolished Republik Dubrovnik and afterwards it was taken over by Habsburgian. The Republik of Dubrovnik has asked Turk's protection against aggression of Catholicizm and Venice and the exit - way out to Adriatic Sea of Bosnia is living prof. England had a short time the inquisition period of Bloody Mary, the Serbs, Orthodox inhabitant of the Adriatic Coast and other parts, have been under permanent pressure of militant Franciscans, the inland Christians, by Turk-Islamic outrage violence. The maps show the banishment or retreat of native inhabitants.

During the history have foreigners from all four sides attacked our native SLAVIK TERRITORY - not we theirs - with the purpose, to dominate and to control the land and people, always finding "justifiable", irrational excuse of "unit mind, humanitarian salvation", religious and missionary camouflage for military brutality of barbarian blood-sucker. The foreign INVADERS, the Catholic HABSBURGIAN (after 1456th) and the Islamic TURKS (in 1463 have been Bosnian-Serbian Kingdom occupied), fell upon our native SLAVIK SOIL at the same time, and together they have broken to pieces. Both left behind immense geographical, ethnographical, race, national and religious disorder, disturbances and differences. Both, Italo-Germany and Turkey, under the mask of "friendship", as well as supported by their hireling, traitors, turncoats or REFORMERS, wish to return.

The political crises (in YU) are created-inflamed-incited by international forces, the political power of blocs that cry for war.

May I point out your attention to some facts in popular form, as the history itself is still a very young branch. History became in 19th century an "independent" subject, separated from the Latin church-authority and court-scholars. Regarding the Gothic words and letters, I shall quote following:

" Serbian language is for the Slavs the same, what Latin languages for the languages is, which originate from it!" - from the unique scientific work of Mrs. Prof. Dr. OLGA LUKOVIĆ-PJANOVIĆ: Srbi...narod najstariji (or: SERBS...NATION FROM TIME IMMEMORIAL), Published by DOSIJE 1990, Belgrade. It's printed in Serbian, Cyrillic alphabet.

Many Slavonic scientist of 19th century have stated, that only the Slav are able to read and to understand the Gothics alphabet, of 6th c. or expert of Slavonic language.

The inquisition or the Vatikan-Germany alliance has formed it's own kind of thinking, leading to our time into nazism and fascism by promoting the RULING, LORDLING, MASTER-SUPERMEN of The Chosen!

The PANSLAVISM of 19th century has influenced among SOUTH SLAVS the ILLYRIAN MOVEMENT. Deadly blow came from Vienna by their satanic plan, which created <sup>new nationality of</sup> turcs occupant (from 1912 "Albanian") as ancient "Illyrians". No one could be above Germany! Similar political LIES-forgeries-invents supports so called "democratic, humanitarian" world.

The Enlightenment, and the foreign historian of 19th century have made our history for western use, as well as formed the hypothesis, with the intention:

I. to seize from Slavs, the greatest rase in Europe, their inheritance, the geographical and historical rights to native country, to the Illyric-Thrace legacy of ancient forefathers;

II. With political-"scientific" means to support German's aggressiveness, programm with intention to extend their life-territory under motto "Drang nach Osten", by falsification the historian facts and to declare a lot of Eastern Europe tribes of 4th century (which coincidence with introduction of Christianity in Romain Imperium 381st Year, yet without of SLAVE - the Slavs appeared exactly two centuries later) as Germanian conquerors?

Langobarth's /long-beard people/ historian PAULUS DIACONUS in HISTORIA LANGOBARDORUM (7th century) has stated among others: "...on the 2nd April, 568th on Eastern-Monday have Langobarths left the Pannonian Terrytory, gone (the way across today's Slovenia) to Italy..." The year 568 is recon as the year of appearance of Slavs. The Slav and the Italians still live in the same North-east part of Italy, Venice, Milano, where the German are very rare specimen.

From Vienna have the authorities for devalorization pointed at the Balkan (the cradle of our civilization), at the lowest part of ancient ROMAIN ILLYRICUM PROVINCE .... BYZANTINIUM DUKLJA .... part of SERBS/Montenegros/ZETA ....after 16th century TURCS STRICTLY PRISON COLONY for sutcast ISLAMs....ALBANIA 1912 new founded state from ZETA and Greeces Epirus, and without any knowledge of Turcs/Arabs language declkared, that the ancient Illyrian still live in the "Albanien" part, and their representatives are the Moslems. The ancient ARBANESSI are Christian.

The inhabitants of DUKLJA/ZETA have been SLAVS OF CHRISTIAN RELIGION and of our sweet-sounding language. The state Albania is a work of Great Forces, a political formation, with the intention to blockade the SERBIA, prevent the way to the sea, and to solve the question of the rest of Islamic colonialist by "Cyprus" model.

Goths King THEODORIC the Great was born in 453th Year in Pannonian Valley or territory of Pannoniaa and Lower Mezija or todays: Hungary-Lake of Balaton (means mud lake), (CZECHO)-SLOVAKIA, Slavonija, Danube domain....

The year of 453, is the year of violent death of Hunnic King ATILA, and the Eastern Gothician have taken over the ATILAS KINGDOOM, and the goverment in our country.

THEODORIC was probably the second son of King THEODOMIR, the King of Eastern-Gothics tribes; King THEODOMIR's first brother, the ruler, as well as the King of East-Goths was VALAMIR, and the second brother was TRIAR, Dux of East-Goths.

/Hungarian writer László Passuth in historian book THEODORIC, "Ravebbában temették Rómát" or ROME HAS BEEN BURRIED IN RAVENNA, stated that young Theodoric has with 6.000 of his warriors taken the metropolis of SARMAT's SINGIDUNUM, todays BELGRADE/Serbia."/ /Teodorik Veliki, Obzorje Maribor, 1982/

-3-

King THEODOMIR has sent his 8-years old son THEODORIK to the BYZANTINIAN COURT in Constantinople (Slavs name: Carigrad) as HOSTAGE, where Theodorik was educated; was nominate and became PATRICIAN and was "adopted" as son by Emperor Lion I.; In 471th, after death of King Theodomir, takes over the power over East-Goths King THEODORIK, and after three-years plundering in domain of todays Yugoslavia including Dalmatia, from Pannonina, the East-Gothic tribes have removed to Dalmatia, and in 489th he has been transferred to Italy by Emperor ZENON; 493th he has defeated King of Italy Odoaker, and THEODORIK became King of Italy, till his death in Ravenna 526th.

Allow me, please, to add some historical facts, which are exploited in political-religions propoganda, while the truth was radically, by roots pulled out of mind of the catholic believer.

City of Rome as capitol of the Romain Empire has been in the year 530 reduced to a lower rank, into common Romain Province with PREFECT and her unimportant place was unchanged up to 1378, when Rome become the residence of CATHOLIC POPE! Naturally not the residence of CHRISTIANITY! The Holly Seat of Christianity was Constantinople.

The imperial residence of the Romain Empire became in 330th by order of the Emperor "Serb" Constantin I. st the Great, born 285 in Niš-Serbia, the Byzantium NEW ROME/Constantinople, with all old traditions, governments, including Seven Hills.

Rome has not been even the imperial residence of the Western-Romain emperors, governors, but RAVENNA/Italy.

Ravenna was the residence-metropole of the rex of Italy, Odoaker, as well as of the THEODORIC the Great.

- 313 in Milano, not in Rome!, was issued Imperial Edict referring to the freedom of Christian ritual; end of prosecution of Christs in amphitheatres in Rome, Pula/YU, Illyria Greece, Egypt, Gallia etc...as plain food of wild beasts
- 325 <sup>Consil</sup> SYMONE of a lot of various antagonistic christian sects, and groups in NICEA/Greece; not in Rome! - in the present of Konstantin I. the Great, where was accepted the version of basic Christianity of faiths, valid up to present time;
- 330 Byzantium NEW ROME became imperial town of Romain Imperium; on 11th May, 330!!!
- 381 Emperor THEODOSIUS I. st the GREAT proclaims in Constantinople - not in Rome! - the Christianity <sup>as</sup> one and only valid religion of Romain Imperium, CHRISTIAN UNIVERSE STATE. Religion-Christianity is from now on the BEARER OF THE NEW STATES SYSTEM;
- 396 Gothic's king Alarich appointed by emperbr for the PREFECT OF ILLYRICUM;
- 396-410 Alarich sent against Rome, Rome becomes the seat of heathen-pagans.

It's wrapped in crystal clear form that Rome didn't acknowledge the religion of SERVITORS (Slavs is the term of later origin) that were fifty years ago wild-beasts food. Proud Rome has been humiliated, reduced to a common province. Their holy-protective Gods and antique faith destroyed, worship of pagan gods forbidden. Accord. to the Theodosius EDICT in 381th on 2nd Synode in Constantinople, it was given one year term to remove, to clear away the pagans gods and symbols, and change them for Christian. (In the beginning, Alexandira/Egypt has been Rome's Diocese. In 7th cent. was transformed PANTHEON in Rome into Christian church - NOT INTO CATHOL.! While the Haghia Sophia stood over 100 years!)

Alarik is "known" as Arianian, and even if he was, what was hardly possible, it still means that he was christened and was a Christ;

If we consider further, that the King Alarik of Gothic tribes was army general of emporor THEODOSIUS I.st the Great, and that the Gothic tribes were warriors-guard of HIS CHRISTIAN, DIVINE, SAINT, GOD'S REGENT AND GOVERNOR ON EARTH, ETERNALLY MASTER, who has declared war to extermination of all ancient pagan religions and destruction of the thousand of years old antique culture and society by SWORD AND FIRE, we could see tha facts from other point of view, very changed.

-/482 to/565th/ The greatest and the biggest CHRISTIAN CHURCH, still BIGGEST in Europe has been built in Constantinople - NOT IN ROME!-

in 537th by emperor "SERB" JUSTINIAN I.st THE GREAT in Byzantinum style of basilics, the odlest church style of the ORIGINAL - ORTHODOX form of christian churches; the bearer of the oldest christian tradition are the Ortodox Greecs, Serbs, and all Slavs. The Slavs that were transformed after 1054 into Catholics, have joined into union with inquisition and have plundered and destroyed their own original soul. Todays CATHOLICS IN CROATIA/YU have with "knife and fire" killed thousands of Ortodox people of the same origin, and have demolished to the ground over hundres of Ortodox churches, thousand of homes set on fire, etc... (cont.of nazis mass-murder/slaughter. modern by TV-Media as GOD'S COURT

- 16th The Church of St.PETER IN ROME has been built up in 16th century - exactly thousand years later from the oldest in Carigrad, the Haghia Sophia.

- 800 The coronation of Franc's and Langobarth's ILLITERATE King Charles the Great in Rome by pope or prefect of Rome \* (pope=papa=father=patriarch, in our language ATA, TATA which was at the same time the title for the christian heads of army, dux, rex) for the King, is shown as an act of imperial honour for Romain emperor. Charles the Great was never honoured for Romain emperor! Because, the CHRISTIANITY was unic and undivided into two parts. Centre of the CHRISTIAN ETERNAL ROMAIN IMPERIUM AND CHURCH was Konstantinople/Carigrad - not Rome! -

- 1054 On 16th July, 1054 in Constantinople - not in Rome -separated- was founded the Catholic Church branch with the pope as head of Cahtolics.

It have to be mentioned that the God's word and the christian doctrine was allowed to be announced only in HOLLY three languages: Greec, Latin and Hebreian.

In 9th century have-we Slavs got our own HOLLY CHRISTIAN old-Slavonic letters with Slavs languages, the old Glagolic alphabet, modern CYRILIC Daphabet.

- 756 FRANC'S KING PIPIN "Little" has seized the region of Langobarths, and given it to POPE (Rome was part of Byzantium!); twenty years later the Church has falsificated this donation and called it DEED OF DONATION OF EMPEROR CONSTANTIN I.st GREAT, on which are based the rights of Popes up to the present time;

\* APA in Coptian/Egyptian language means father /=ATA, POPE/ as term for saints and high religious officials.

The PRIDE of western part of Europe history was an (1152-1190) ILLITERATE Romain-German emperor FRIEDERICK BARBAROSSA! The contract between Serbian Great Mayor NEMANJA, the ruler of OLD SERBIA or RASKA, today's Kosmet, Friederick Barbarossa has "signet" with mark of his thumb. German soldiers have stolen this very important document during the First world war, and it is hidden in The Military Museum in Hamburg. How primitive has been Germania and it's people, as well as barbarian CRUISADER, German strong mine workers or hired-mersenary, is stated in Serbian chronicles. The SERB NATION, -Serbian kingdom and Serbian Imperium under the great dynasty of NEMANIĆI, bloods relationship with Byzantium court dynasty- has at the same time reached the peack of culture and civilisation on all fields, based on intactness of old antique traditions.

The Tatar tribes, called Turcs, with the destructive, murderous religion Islam, have after 14th century destroyed Biznatinium culture, expelled Jews from their own's native country Palestina, Hebreian over 5200 years state. The Islamic Arabs are called "Palestinian" in the same way as the Islamic Arabs, from 1912th raised into new nation "Albanian" named "Illyrian", which have changed the Arabian alphabet for Latin after Turcs "revolution" 1920.

For all of us SLAV (incl. Slovenia, Catholic-Croatian, Pole, Czecheslovakia etc...) is the Latin alphabeth the language of foreigner occupying influence and rulers, from the Italian Popes and the German ruling minority. The western Europe nations have not developed their own alphabeth, they have only taken over Latin, and after the period of Protestantism included their national language in church sermons; the (Austrian-Hungarian) emperor Joseph II. (1780-1790) has thrown out Latin as state and teaching language and raised the German dialect.

I failed to be short and clear! For the unclear parts, kindly use the fashionable mentality of politian and poets.

The extreme tolerance of Serbs (religious tollerance of CHRISTIANITY of the Serbian Orthodox Church) is suicidal for the nation. Religious freedom of various sects, and over 30 (thirty) national minorities in Serbia, THREATEN THE NATION WITH EXTINCTION; it seems possible that all the Serbs are in great danger. The minorities took advantage of the opportunity offered by foreign BLOCS (Italo-Germany and Islam), and try to get a "piece of cake" of Serbian land.

While other countries have cleaned out minorities or under pressure assimilated or KILLED IN WARS, Serbia has supported their blossom. The homogeneous/one-national or one-religious states like Germany & Austria (the foreigners are GAST-Arbeiter), Hungary with 1/3 as well as Rumania/Bulgaria of Serbian population, are (Slovenia), Croatia and even Islamic Albania "without" minorities or they have them with political means, one way or other silenced/calmed down.

(Summary)

From where did we come, where are our roots, and how did we live, is the question?

In Romain province ILLYRICUM, as this territory has been called by Romanian - we call it Jugoslavia - have lived numeral of Illyrian, Keltic and Thraces tribes, unitary named Illyrian.

Approximate in 6th century the Illyrian in Illyria - or from the territory of Jugoslavia - have disappeared, and instead of Illyrian, appeared a new name - SLAV! Before the 6th century weren't any informatio referring to the existence of a province or tribe named or known as SLAV! Though this was a well-informed time, of high developed Romain/Byzantium culture and civilisation, with numeral remains of written historical notes, that have registered the names of tribes, living in Imperium, or those, who have surrounded thy Byzantium Imperium.

Not only, that nobody has ever heard for the SLAVS before 6th century, on the contrary, these from nowhere appeared SLAVS, barbarinas, nomads, heathen or pagans have hit with shepherd stick against the enemy (568th), the greatest world force and threaten the existence of Byzantium or the CHRISTIAN UNIVERSE STATE (remember, still the greatest Christian Church in Europe has been built in 537 in Constantinople).

Let's remind that Romain/Byzantium Imperium consisted of: whole Western Europe, including Britain (without Scotland, Ireland and Scandinavia), Peninsula BALKAN till the Carpathian Mountains (from where the Slavs presumable originate, according to the German version); further on it embraced all regions around the Black Sea including Kaucazus, part of Prior-Asia and naturally the ASIA MINOR (14th/15th century Turkey), nearly half of Arabia and NEAR EAST, and all states of Northern Africa, from Egypt to Marocco, as well as the Mediterranean Isles. The imperial town and the Holy Seat of Emperor has been Constantinople (not Rome!).

Illyria has given, directly upon Rome (Italy), the greatest number of emperors of the Romain/Byzantium State, some have been magnificence historical genius.

The spirit of Illyria lived further with Slavs as historian and cultural inheritance of Illyrian ancestors. Honourable reputation of legendary Illyrian have represented nation pride during centuries, and self-confidence. The national history is based on the pride of forefathers.

The time of Enlightenment have as well as been the period of national awakening, national freedom of all SLAVS, which have striven to alliance

German court philosophers, as exclusively legislative body for valid history, have made the historical fantastic, imagination for "European mind". For us, on the other side of the ditch, or iron curtain, that have made the western nations, and switch off the mind, whenever they are confronted with the naked facts, are the German <sup>brutal savages</sup> BARBARIAN, PLUNDERER, /Present "German Boom" is based on the <sup>economical</sup> plundering robbery of the whole Europe in Second World war (the same have done Japan in Asia); and we see them as natural talents to political intriguer-plotter, massmurderer.

From Vienna they have pointed to the SLAVIAN SOUTH (under Turcs occupation), to the most remote part of ancient Romain Province ILLYRIA, later known as Byzantinian DUKLJA, and Montenegrin ZETA, as the sphere of supposed remains of Illyrian, not taking into account,

that this region (ZETA) has been thousand years exclusive a SLAV<sup>Klan</sup> territory with Christian inhabitants, before the invasion and colonisation of Turks about four centuries ago. This region have Turks transformed after 15th/16th century, respct. after rebellion of Arbanesi<sup>Klan</sup> Christian-Prince George Kastrioti<sup>created</sup>ć (Skenderbeg) against Sultan and Islam, Islamic outrage violence against the Christian population, into unapproachable punitive colony, isolated reservation of Islamic fantast; from this region have been recruited the most cruel, blood-thirsty, sworn enemies of Christianity and the Christians.

The Albania as a state has been constructed from Greeks Epirus and Montenegrinian Zeta in 1912th, after the Serbs have expel<sup>created</sup>ed Turks from their one's country, from Kosovo, and others parts.

All the inhabitants, the native-local people of Christian religion of their forefathers, and the Turks colonists, have got a new and unic national terminology, Albanian. The Turks-Islamic was predominated and the purpose of foundation of Albania have been, to solve the problem of Islamic population by "Cyprus Modell". The Turks/Arabian alphabeth have been changed for Latin (after Turks revolution 19~~x~~20, and definitive after Turks Language-reformation 1928). The Turks colonists have forced a total Islamic version of life (like in <sup>Greeks</sup> Minor Asia) and the Arabian language and alphabeth was the only one valid, the STATE LANGUAGE; the language is still a matter of speculation in our time, according the hypothesis of German historian, as if it were "Illyrian". Yet, the "Albanian" LANGUAGE understood only Turks of the Turks-spoken fellow-countrymen. (maybe the "Albanian" language could be marked as "Turco-phonian".) Further on, the Illyrian have been EUROPEAN, while the most "Albanian" reseble Arabian.

National mark Albanian is usurpated exclusive from the Moslems, specially from this, living in Serbia. The real Christian <sup>in Albania</sup> Arbanesi, that persisted in Christian religion of their forefathers, are eliminated/separeted, declared <sup>as</sup> national minority. They are separeted according to religion as orthodox Serbs and Macedonian and Greeks, into Catholics Croatian, or into Greeco-Catholics Greeks. As the Christians are not Moslems, they couldn't be Albanian, the are not Illyrian! For the most Albanian is the term Illyrian identical to the Islam.

Symbol of old Illyrian was GOLDEN HALF-MOON WITH UPWARDS TURNED HORNS WITH GOLDEN STAR (stylisied horn of the bull and the sun). Because of the reseblence with the Turks or Moslem symbol, the silver half-moon and star, the Moslem see it as Islamician symbol, suported by religion explanation.

Political reasons after the Second World war and the ideas of "Union of Balkan States" have been tolerate to the violence of "Albanian" in Kosovo, and have encouraged-inflamed the "Illyrian" hypothesis, that have been mis<sup>miss-</sup>guided to the wrong direction of thinking. The politician wanted to substitue the Islamic religion for the illusion of origin and roots. Yet, for Moslem is only one valid identity - belonging to Islam, and the KORAN is the only one lawful power, that Moslem obey.

The twoheaded black eagle have been the battle-symbol of Chrisitan (and the Serbs have given it 1912 to "Albans"), against Turks and Islam. The Albanian of today have usurped it and his aggressive flight altered against the ancient Illyria and its present inhabitants.

7.7.1991

Bei der Erklärung der YU-Verfassung von 1974, ist der Titos Hauptquartier-General F. Tudjman neben Tito in Parlament gesessen. Damals ist moslemische Minderheit in Bosnien in die Nation MUSLIMANI erklärt worden.

Im Jahre 1974 wurde Serbien verteilt und die islamische bzw. albanische Minderheit in der Provinz Kosovo, hat so EXTREME ISLAMISCHE Politik eingeführt, die sogar unter Türken nicht möglich war. Albanische Mind. hat die Macht so usurpiert, dass die "Albaner" über 200.000 Serben aus ihren Heimatsland-LAND UND WIEGE DER SERBEN, nach dem 1974, vertrieben, die restl. unter grausamsten oriental. Druck gesetzt haben. Diese Minderheit hat serb. =slawische Sprache abgeschafft und die albanische eingeführt. Diese alban. Minderheit in Serbien hat alle Gesetze ignoriert und keine Steuer, Hausmieten, Elektrik, Heizung, Radio-TV bezahlt; unbestraft die Häuser, Wälder, Felder usw. der Serben in Besitz genommen, Kirchen und Kulturobjekte verbrannt. Die Gemeinden haben die orient. KORAN-ORDNUNG bzw. Unordnung eingeführt. Sie galten als unentwickelte und die Serben und teilweise YU haben täglich bis 1,400.000 US\$ der alban. Mind. "spendiert", wovon sie meistens die Moschees gebaut haben. Aber, es sind troublemaker, der den Westen entspricht

Kosovo ist im Jahre 1941 von Italien okkupiert worden, und wie Hitler in Slovenien, hat Italien die Slaven vertrieben (70.000) und mit Hilfe der "Albaner" über 300.000 Slaven ermordet. Italiener haben die Araber aus Italien in Kosovo angesiedelt. Die unkontrollbare-wilde Ansiedlung der Islamer aus Iran bis Libien-welche sich alle Albaner nennen- ist unkontrollbar. Diese alb. Minderheit sabotiert die Listen der Bewohner, weder für die Gemeindewahlen oder sich der Völkerszählung der zuständigen Staat Serbien zu beteiligen. Kosovo wurde nach 1945 in ein Polygon der Verbrecher, Waffenschmugel- u. DROGEN-HANDLER gemacht. Islamer aus Kosovo sind in USA mit 20% der Drogen anwesend und wegen guten Verbindungen mit Orient und der islamischer Politik alle Christen zu vernichten, zuverlässig! Jedoch, die alb. Minderheit aus Kosovo ist vom Amerik. Kongressmänner u. Senatoren stimuliert, besonders der Kongressman ROBERT DOLE mit seinem Klub der Gleichgesinnten, natürlich auch von der Ambassade (Zimmerman) in Belgrade, haben sich angagierte für "das Recht zum Verbrechen". R. DOLE ist vermutlich albanischer Herkunft und ist für Islamer neuer "Mohammed"

Nationalschowinisten u. islamische Fundamentalisten haben sich mit den ehemaligen Okkupatoren Türken u. Deutschen verbunden um das Jahr "1941" besser durchzusetzen. Kroater=Katholiker sagen: "Lebenswichtig ist für uns, dass wir die vielen (über 30) Minderheiten u. Opposition <sup>in Serbien</sup> unterstützen" Oder: "Die Lust der Serben nach dem Adriatischen Meer hat ihnen K.u.K./Osterreich mit der Annexion von Bosnien (7.10.1908) und die Europ. Mächte mit der Gründung von Albanien im 1912 genommen". Man ignoriert die histor. Fakten, das die Kroaten, Moslems, Albaner, Ungarn das Land der Serben haben wollen. Die ITALO-GERMANISCHE KATOLISIERUNG und ISLAMISIERUNG hat die Urbewohner aus der Dalmatien/Küste in das Hinterland vertrieben und nun wollen die Katholiker rein katholische Kroatien haben. Ein Blick auf die geogr. Karte zeigt den Weg, welche die Serben=Orthodoxe gegangen sind.

Als der ganz unbekannter serb. Politiker, Herr SLOBODAN MILOŠEVIĆ nach dem J. 1988 in die Politik eingetreten ist, um sein Volk von diesen Wölfen zu befreien, hat man ihn deshalb akzeptiert, weil sein Vater ein orthodoxer Priester war und nach den Regeln der damaligen KOMMUNISTEN (jetzigen DEMOKRATEN) hätte er keine Möglichkeiten höhere Regierungsstellen zu erreichen. Medienkrieg, hat ihn früher beschimpft, dass er "kein Kommunist" ist, nun wird er aber gemein angegriffen, dass er "der einzige Kommunist sei"

Tatsache ist, dass die Bundesregierungs- und Wirtschafts-MACHT in den Händen der Kroaten seit 1945 war (Tito, Milka Planinc, Branko Mikulić und Ante Marković), auf der zweiten Stelle waren aber abwechselnd Mohammedaner oder Slowener. Warum müssen wir sie bei uns u. von ORF, ZDF, fremden Zeitungen usw. sie als "Serben" akzeptieren, ist Verheimlichung der Tatsachen. Die NATIONAL-ANGEHÖRIGKEIT der gegenwärtigen BUNDESREGIERUNG "SIV"- von Marković, die von allen Medien als Grosserbische Politik, BELGRADER TYRANEE, BALKANISCHE FOLKLORE, BALKANISCHE KUCHE, SERBISCHER AUSBEUTER gekennzeichnet ist: ANTE MARKOVIĆ, KROATE (Bundespräsident, Mandat 4 Jahre - wurde durch Sonderverfahren und auf derselben Massenmedien-Manipulation gewählt, weil nach der Verfassungs-Rotation von 1974 ein Serbe - Jović - folgen müsste);

sein Stellvertreter-Vizepräsident: ŽIVKO PREGELJ, Slowener

BUDIMIR LONČAR, KROATE, Aussenhandelsminister

ZVONE DRAGAN, Slowener, Stellvertreter von B.Lončar

IVO VAJGL, Presseführer von B.Lončar, SLOWENER

( VELJKO KADIJEVIĆ, KROATE, Bundesverteidigungsminister (sein Vorgänger, gest. Petar Simić auch Kroat)

Admiral Stane BROVET, SLOWENER, Stellvert. des V.Kadijević

General des fünften Armaden-Gebiet für Slowenien und Kroatien,

Konrad General KOLŠAK, SLOWENE, (wurde am 2.7.94 durch Generalhpt. ADŽIĆ B. Serbe, ersetzt); DAGMAR ŠUSTER-Bundes-Handelskammer Minister, Slowene

DARKO MARIN, SLOWENE, Bundes-Informationsminister

JOŽE SLOKAR, SLOWENE, Bahn- u. Strassen Bundesminister = Kommunikations-

PERI HORVAT, SLOWENER, Minister für Russen-WIRTSCHAFTS-Verbindungen

MITJA GASPARI, Vicegouverner von Jugosl. Nationalbank, Slovenian

ZEKAN - KROATE, Finanzminister von Marković

2 MARENDIĆ - KROATE, Minister-Kroaten: Antun ŠEDA, Čedomir Pavlović usw..

KOŠUTIĆ Serbe

ist der Stellvertreter des Informationsministers (D. Marin, Slowene)

Albaner ist der Minister für Wirtschaft von YU

PETAR GRAČANIN, SERBE, Innenminister!

( IVAN ERŽEN, Slowene, Stellvertreter von Gračanin

und noch zwei Slowener sind Stellvertreter von Gračanin usw.

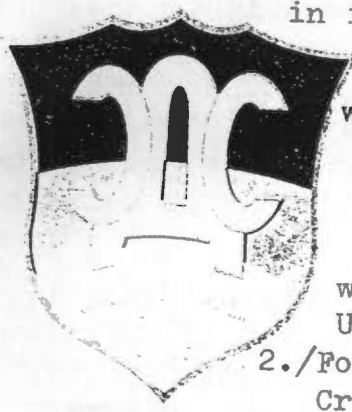

Alle Vitale POSTEN sind vom Kroaten besetzt, die zweite aber von Slowener. Diese Leute hatten absolute Macht in YU und haben das Land SFRJ in Abgrund geführt. Und gerade die beiden Nationen, die bis vor kurzen ganz YU terrorisiert haben, wollen "UNABHÄNGIG" sein?!

Sogar der letzte jugosl. Parteiführer war Dr. Stipe ŠUVAR, Kroat, sein Stellvert./Sekretär aber KOROŠEC, Slowener.

Man kann nicht viele Abgeordnete und Konsuläre-Funktionäre nennen; dass wissen viel besser Serben, da die andere Nationalitäten durch YU-Funktionen Verbindungen im Ausland mit angesehenen Regierung-Mitglieder der Mächten abgeschlossen haben. So nach Planung geführt.

Die TROJKA hat durch Einfluss der kleinen Diktatoren, den Stipe MESIĆ, Kroat - der nebst Tudjman ein Blutsfeind seiner Rivalen Serben ist - aufgedrungen. Obwohl sein Mandat 1 Jahr dauert, war sein Ziel die YU <sup>von Kroaten</sup> zu vernichten oder zu bewältigen oder zu vernichten, im Voraus bekannt. Dass alle Kommunisten "waren", einschl. Stipe Mesić, ist selbstverständlich.

ATTENTION/remarks of Zora Sprager: look at the map, which was completed in 1940s, it shows in fact the tearing-deviding the Kingdom of Yugoslavia between Germany and Italy, Hungary, Rumenia, Bulgana before war attack, in 1941s

In 1941s there were 47% of Serbian nation population or about 2,000.000 in the Croat. Banovina; in 1991 there were 12% of Serbian in Croatia; on 27th Jan., 1993 on CNN INTERNATIONAL has said Croat. Ambassador in London Veljko Bujaš, that there are only 5% of Serbian "minority" in Cro. (Dalmatia & Slav. Serbian native land)  
3.) On the map of 1940 Serbia has been "already" occupied by: Germany, Hungary, Rumania, Bulgaria and Italia. South of Serbia has been divided between Bulgaria and Italy. Italy has occupeid the CRADLE OF SERBIA, Raška, Kosovo and Methohia, where have lived only 3.000 (three thousand persons of new created Albanian) see the article: Sklavinja and the specifikation of the HEAD OF STATE

RESULTS OF PEOPLE'S COUNTING CENSUS IN 98 COMMUNITIES /present under the protection of UNPROFOR/ in the 1921s & 1931s that have been included within the framework of "Banovina Hrvatska" = civil government in Croatia (of King dom of Yugoslavia) in 1939s, and for which have the German Officers got special orders in April 1941s (attack on YU), to be CAUTION, as the Serbs - Orthodox Christians are in absolute majority! (most of Serbs have been killed in USTASHE-NACIS koncent.camps)

Attention to your information:

Region of Croatia has not been a state before 1918s, it was a part of Austrian-Hungarian Empire. The origin region of Croatia-tribe (ethnical) is squeezed in the middle of "banana's" form of Croatia between Dalmatia & Slavonia. Within regions of Dalmatia or Slavonia there have been during centuries KRAJINE = countries or borderlands in which the region' leaders of their own ethnical kind were responsible directly to the court rulers, living their own way of life & military ready to defend border and land.

- 1./The Slavic population that have been by Italo-Germany invaders converted into Romain-Catholics in the present Serbian, Bosnian, Montenegrin & Croatian repulics are known as Croatians=CATHOLIKS ;
- 2./ The native Slavic people, that kept the old & real Christian-Faith-Orthodox church, "nursing" their ethnical roots, traditions & continuity, are Serbs and the mark SERB is from very old times. The lokal or region names like: Dalmatinians, Bosnians, Slavonian etc. refer to living place
- 3./ The Slavic population, that have been converted into the Islamic religion after Turkish occupation after 1463s, have totaly cut off the origin roots and were named by different names of their own choise. During the Turkish occupation the Islamic were privilidged status, and mostly still live in towns.

After 1945s they invented official-identification' name UNDETERMINDED (neopredeljeni) as they didn't want to be named as Croatians or Serbs. And after the Constitution of Soc.Fed.Rep.of Yugoslavia of 21.2.1974 (Constitution is completly disputed), the Undetermined Islamic population has chosen: <sup>new mark = collective religious identity</sup> a NEW name and called themselves MUSLIMS (Muslimani) and have

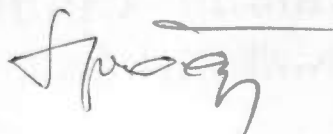

been recognised as NEW CREATED NATION of Islamic religion on the Slavic soil. /The first new created <sup>Islamic</sup> nation on Serbian soil in 1912s were Albanians! KEEP IN MIND! ALBANIA IS CREATED FROM GREEK & SERBIAN PART

In April, 1992, when the Bosnian Muslims have usurpated the parlament government of Bosnia & Hercegovina to tranform it into an Islamic state and began with the oriental bestiality against the Christian Serbs, and to cover their aims, the MUSLIMS have choisen Christian name-national BOSNIAKS, and have temporarily changed the green Islamic <sup>emblem</sup> flag for the <sup>emblem</sup> FLAG OF OLD SERBIAN-BOSNIAN KING : the flag of the Christian DYNASTY KOTROMANIĆ. The last King of Bosnia have been after Turks occupation in 1463 defeated, captured and killed-beheaded by Turks. The last King of Bosnia have been an ORTHODOX CHRISTIAN (not a Catholic), and his name is "STEFAN TOMAŠEVIĆ of Dinasty KOTROMANIĆ!

Results of people's counting census in Bosnia & Hercegovina in 1991:

Bosnian-Serbs: 34% of population  
Bosnian-Croats: 16% of population /in 1878 were only 3 R. Catholic chu  
Muslims (converted Slavic & Turks-remains) invited from all Islamic <sup>Mohammedanians</sup> lands to participate in countings of Bosnia: about 50% populati

са посебним освртом на немачки народ  
саставио др Манфред Штрак – Јужнонемачки институт – Грац

Подаци о густини становништва и припадности на националном делу студије, не двосмислено сугерише да се ради о територији где живи оваквог рода. У опису наводе и следеће:

„Маркантно се истиче оштрица на две хришћанске цркве (српској и католичкој) припада 48,7% становника или 11,2% од живља. У Босни је највећа група долазе Мухамеданци – Македонци, који броје око 37,5% становника – приватни власници. Мухамеданци у Босни, већ исламизирани Албанци“.

Даље се као јако битно истиче:

„Унутрашњи развој Југославије је резултат унутрашње борбе одлика југословенске племенске вата и та борба често у форми. Почетком 1940. до привременог споразума о племенске области омогућено стварање аутономне Хрватске у коју су укључени Славонија, Далмација и Војна“.

Немачки војни стратегија напад на Југославију остварила је највише на новоформирану Хрватску па су је и видљиво одвојили од осталог дела државе и у тим границама „независна Хрватска“ има мноштво већ православних, дакле, и католичких (не Хрватске) где су Срби већински народ на тој раштркајој територији.

The PATRIARCH of PEĆ /Kosovo = Raška/, with its residence & seat in Peć, has been the legal ruler and representative for WORDLY & RELIGIOUS affairs of Slavik people under the Turkish Empire (& Austrians.)

Today we would say, the GOVERNMENT & the CAPITAL CITY of the Serbian AUTONOMY-STATE was Peć, the HEAD OF STATE GOVERNOR, supreme in author. of Serbian Orthodox-Church, was the PATRIARCH. The territory of compentancy of PATRIARCHATE OF PEĆ extends it's activity to all with Serbian people populated regions or the present-modern states of Hungary, Rumenia, Bulgaria & of course new founded Yugoslave state Croatia with the historian regions of Dalmatia, Zagreb, Slavonia... Bosna & Hercegovina are naturally of Serbian-Orthodox origin & SLAVIK roots

Območje jurisdikcije pečke patriarhije sredi XVII. stoletja Territory of juridical-legal compentancy & authority of the PATRIARCHATE of PEĆ in 17th century

Encl. please find my last copy of the map, that speaks for itself. In the meantime I've got into touch with one antiquarians who is in possession of the set of nine German war maps, incl. "this" one. One of the map is originaly, even with pencil written marks, probably of the German flyer, of the AIR ATTACK ON BELGRADE AND KINGDOM OF YUGOSLAVIA on 6th April, 1941. This small talk is to point your attention to the fact, that the maps have been prepared years before and printed in 1940s, as it's marked on the margin.

My letter has increased into "short hist.lexicon", therefore allow me, please, to add some more, for the FOREIGNER COMPLETELY WRONG INTERPRETATION, their own ignorance & unknowingness. Instead to let be coached by the right teachers, they intend by force, threatening to force their own way of "thinking" upon us, to ignore the tradition, continuity, law, justice etc. Offensive words as "Serbian have captured -their own- native land, aggressors, rebels" are used in the form, as Germany would recognize "Kent" and the Englishmen were aggressors er the British were aggressors and captured English land!!!

All states of Europe, as well as in U.S.A. have great problems with the refugees from the others countries and try to send them back to their native countries. The Islamic population in Serbia (Bosnia as well) who call themselves "Albanians" has made from the CRADLE OF SERBIAN LAND & NATION - KOSOVO, a poligon of drug dealers, arms-wapon smugglers & smugglers of illegal Islamic people form Afganistan till Libya, that don't belong into our anvironment, are undaptable and intend to force their primitive way of life whatever means. Troublemakers of high rank! KEEP IN MIND, that the Islamic population recognize only one "national" identity: Islam, belong to Islam, and the KORAN is the only one valid lawful power, which Islamic population & Moslems obey!

The faked concern of FOREIGN COUNTRIES, as means to interfer into other counties affairs, the falce solidarity with minorities in Yugoslavia is a pressoure, to ignore the problems at home in their problematic states. Each day the foreigners produce new conflic focus.

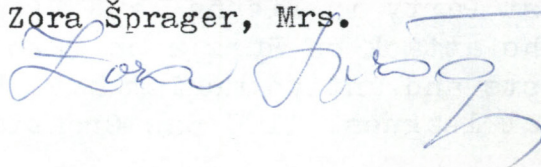

RAŠKA: The hypocrazy solidarity with over 30 minorities, refers as well as to "Sandžak". The pro-Islamic population prefers to use the Turkish name "sandžak" for the district of RAŠKA. Sandžak is Turkish name and translated means the simple word: district. ATTENTION: use the REAL OLD SLAVIC NAME RAŠKA!

Foreigners are very anxious for Vojvodina, where live over 25 of minorities, that have been moslty, at the end of 19th Century, driven out of their own land, have been banished, sent to exile by the strongly Catholician Habsburgian to the far end of Empire: settlement of Vojvodina are mostly from one of numbers Protestant religion or sect, or have been unwellcomed, disciplinary punished... At the present time, they are obsessed by visions of foreigner promises and this is the region, where Mr. Milan Panič got his votes, some of it from Serbian "opposition".  
 — Opposition is made from the same dough of natural selection. Once they were outlaws, now they are "loyal" to the former jailors.

Sincerely Yours,  
 Zora Šprager, Mrs.

Co.:

HEAD OF STATE - PRIME MINISTER (we called the government shortend "SIV")  
Collective state president was Mr. ANTE MARKOVIĆ, Croatian nationality,  
and he was elected for duration of 4 years; he took over from Mr. Branko  
Mikulić, Croatian nationality. The HEAD RULER over the whole state YU  
was Prime Minister and his CABINETT OF MINISTERS for war, foreign,  
economic, political, connentions & traffic etc. affairs (see the  
list of some ministers and their nationality in encl.in Germ.written list)

FEDERAL ESSEMBLY OR PRESIDENCY or Federal Parliament Presidency  
(we called it Predsedstvo S.F.R.J.) in which the President-  
had only one year term and the President of such collective assembly  
has been chosen and elected from one of six republics.  
The last one was Stipe Mesić, of Croatian nationality, afterwards  
that Presidency worked in mangling formation;

Government of the COMMUNIST PARTY of Yugoslavia was stronly in the  
Croatian hand; even the last President of Central Kommittee was  
STIPE ŠUVAR, Croatian nationality.

If you would know, that the Croats have founded in 1920s the  
Communist Party in Vienna, and Vienna has been the seat-central office  
up to the attack on Russia on 22.6.1941, you would know that the  
communists and antikommunist have been educated in Germany-Austrian  
political leagues. TITO was Croatian and his followers as well.

The Austrian U.N. Diplomat took advantage of the CHAOS and his first opportunity as the U.N. SECURITY COUNSEL SECRETARY <sup>was</sup> to legalize the <sup>step</sup> by German script of "unit of criminal minded Europaen tyrants", as legacy of former ruined ambitions "Drang nach Osten". On 30th May, 1992 or ten hours before the state elections in Serbia, a mistake worse than a crime was committed in U.N. in New York, when the EMBARGO & SANCTIONS against the SERBIAN PEOPLE have been <sup>remains</sup> "voted", confirmed.

Mr. Klaus Kinkel has said "Serbia must kneel down, Serbia must be ruined" - newspaper of 23rd June, 1992. (Serbs are not made in "DIN" STANDARD)!

Germany is historically sworn enemy and brutal aggressor. In Serbia are some for German forbidden places <sup>of Serbian victims</sup> of bestiality & mussmurder by Austrian-Germany invaders during World War I. and II., places of evidences, that the CLEANSING, RAPE & ROBBERY are the war-means and speciality of German civilisation, as well as Islam-Turkey religion.

Germany & Croatia have already entered into the book of world WAR CRIMINALS. Many books describe that the German & Croatian ustashas have used about 800 methods of torturing and killing in the World War II, in Croatia, in <sup>this</sup> the same new "democratic" Croatia. In the same way, as on the 22nd January 1993 have Croatians attacked Serbian Krajina, where the wapon was "under protection" of UNPROFOR! Croatians have from 7 in the Morning till Midday killed 830 civil persons and 86 soldiers: Croatians have hanged the <sup>Serbian</sup> children on olive-trees, slaughtered, broken the limbs, cut to pieces, crucified; the old ones have been dragged on the streets of Zadar and Croatian citizens have pelted-trown the stones at Serbs. During the World war II the German & Croatian ustashas have killed about one million (propably more) of Serbian native population. The former U.N. Secretary Kurt Waldheim is <sup>war criminal</sup> well known in this partikular region. Ger. Manfred Wörner of NATO wishes to give the lessons in brutality.

The Croatian TV Zagreb from 18th Nov., 1991: Canadian-Croatian said: "At the beginning of the "war", the public opinion of the Canadians have been at the side of Serbia. But we Croats have hired a TV-Network of a Lady, and the publik opinion has been changed in such extend, that the Caniadians have <sup>been</sup> with cannibalian hatered incurred against Serbs".

The hired actors <sup>stars</sup> of Holywood with world famous reputation, have instead the texts of novels, appeared as war-monger, agitators of writing-table murderers, deliberty spreading the anti-Serbian propaganda, to damage the reputation of a NATION, who has NEVER, NEVER ATTACKED other state or people; nation that defended own exsistance, only.

Your CNN reporters are only on the pro-Germany & pro-Islamic side. Are they making fun of you, public or is this the policy? in Bosnia  
 - In the region of Muslims there are at least five factories <sup>that work</sup> & produce all kind of wapon and munition. You have shown us the street-mafia gansters with home-made wapon; Isl. fundamentalists as "fighters"?!  
 - the cities of Sarajevo and others are under Muslims-Islamic controll therefore you are well informed, that the Serbians are killed by Musl. snipers on watch; that the Muslimas have sent wives abroad and accord. the Islamic rights, have made "HAREMS" or borthels in various hotels schools, sport-halls etc - the names of places are well known, you only call Serbian side Pale; water & humanitarian aid for Serbs is selected, separated from priviledged Muslims..as in times of Tur.occup.  
 We are used to all kind of lies from east-west, and dogs from North.

Gentlemen:

Since I got installed satellite antenna, you have directly entered into my living room, and I'm able to watch you in living colors & hear clear voice. What a progress of mankind! Your invitation to write to CNN was a challenge to which I respond. I sincerely hope, that my Slavic-English could guide beyond the fence, to the other side, where you should post the reporters!

**EMBARGO, SANCTIONS, ISOLATION IN CONCENTRATION CAMP OF A STATE NATION, IS THE GREATEST CRIME OF OUR TIME!**

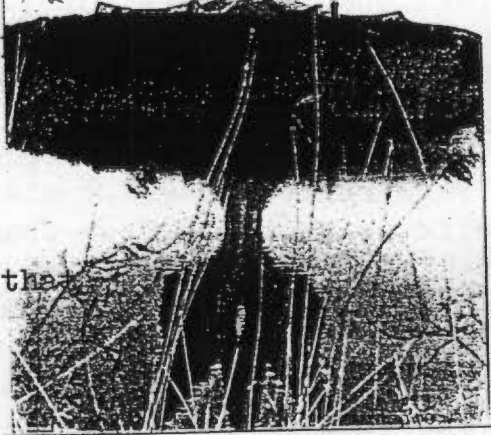

We all are cut off of all connections:  
I can't watch the best TV-emissions of Europe, that are able to make in Belgrade;  
I can't hear the radio, because of deliberate disturbances;

I don't get the telephone connection with my own people; I don't get the Serbian newspapers; the bus & railroads are cut off and if you intend to travel, you need for the route of about 400 kilometers- in pr. "normal conditions"?- about 18 hours; airlines are cut off;

The monsters of the mankind, Germany-Austria & Turkey, have totally ruined the reach country and the economy and the people depend on so-called political-humanitarian AID. Give us aid in proving facts!

The so-called reach countries have, under cover of blockade, stolen our money and the money of the YU:state; since 30.5.1991 the retired, who have worked in foreign countries for pension, don't get their own earned money-the countries hold it back, and don't ask for the living possibilities of old; it's hard to find, what you didn't do!

ADDITIONAL TRUE INFORMATION

Captions: to the attached pictures.

Picture One, shows what it means for the Serbs to live under a Croat-Muslemish regime in an independent state.

Picture Two, shows why the German Rulling Class is so much supporting the Bosnian Mosllms against the Bosnian Serbs. It shows a German SS-Division made up of Bosnian Moslims. There were three times as many SS-Divisions made up of Croats in the WW II.

Picture Three, shows that there were 41 Detainee Camps in Bosnia and Hercegovina in July of 1992, and only 14 of them were in the Serbian Territory.

The U.S. News Medias were constantly beating the drums about the Serbian Detainee Camps, but delibertly avoiding to report about the 15 Croatian, 10 Muslemish and two Croat-Moslims mutual camps, with over 70,000 Serbian People in them.

See the caption: 1. Serbian Camps <sup>2</sup> Muslims Camps - 3, Muslim-Croat mutual camps - 4, Croat Camps.

Dear Sir, this is only one of many examples as how true is the information that the U.S. Public is getting about the conflict in the former Yugoslavia.

Mr. Vance is an honest man and is really trying to find a just solution for the people in former Yugoslavia. Mr. D. Owen is only interested in punishing the Serbs, for refusing to submit to his ultimatum and accept Owen,s Plan, which would close in almost a million of Serbs in a concentration camp with the Croats and Moslims controlling the camp. This is exactly what Mr. Owen wants with his Bosnian Maps.

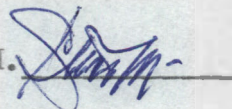

By cutting off the Serbs in Western Bosnia from Yugoslavia would only mean a sure death for the Serbs there. The Serbian People do not easily submit to ultimatums. They have proven it to the German-Austrians in 1914, to the Hitler Regime in 1941 and to the Stalin,s Regime in 1948.

Dear Sir, I think we should put the 110 years of American Serbian Friendship before economical interest and Arabian petro-Dollars, because one day the Arabian Oil Wells shall dry out, but the American and Serbian People shall continue living in a friendship, and our grand-children shall aske us one day about our bad deeds against the Serbian People during their crucial times.

The new Yugoslavia (Federal Republic Yugoslavia) is a reality, and is stratigically the most important country in Europe, and I think it can only be in our interest to recogize the country as soon as possible and to have those American tradional Friends in our midst.

Thank you again for your time Sir,

Respectfully, Steve M.

„20 Kilo Menschaugen“

**20 Kg. Human-eyes**

Malaparte, der Kriegsberichtersteller in Kroatien war, in seinem Buch „Kaputt“ eine so gruselige Episode, daß sie kaum glaubhaft schiene, würde die Tatsache nicht auch von anderen Zeugen, etwa einem italienischen Arzt, bestätigt:

Als Besucher des Poglavnik entdeckte Malaparte neben dessen Schreibtisch einen Korb, scheinbar voller glitschiger Muscheln. „Dalmatinische Austern?“ fragte ich den Poglavnik. Mit einem müden Lächeln sagte er: „Es ist ein Geschenk meiner getreuen Ustaschen, 20 Kilo Menschaugen.“

Dieser Ustascha-SS schämten sich selbst die Verbündeten. Italiens Außenminister, Duce-Schwiegersonn Graf Ciano, qualifizierte sie als „Banditen“ ab und der deutsche Bevollmächtigte General in Agram, Glaise von Horstenau, zieht sie „ausschließlich der Befriedigung untermenschlicher Instinkte“.

Die Mordbrennerbanden zogen in serbisch besiedelten Gebiete von Dorf zu Dorf, riefen die Bevölkerung auf den Markt und mähten sie entweder dort nieder oder trieben sie zur Erschießung in den nächsten Wald. Oft sperrten sie die Dörfler auch in ihre orthodoxen Kirchen und zündeten die dann an.

Die Ustaschen verfolgten das von ihrer Führung zur Staatsdoktrin erhobene Ziel, zwischen einem Drittel und der Hälfte der knapp zwei Millionen Serben in Kroatien umzubringen. Der Rest sollte vertrieben oder zwangsweise zum Katholizismus bekehrt werden, was schließlich, so meinten sie, „gute Kroaten“ aus ihnen machen würde.

**Ustascha-Greuel: Völlige Ausrottung der Serben**

Croatian SS-troops, a total uprooting of the Serbs.

In den Städten, wo Massaker nicht so leicht von der Hand gingen wie draußen auf den Weilern, wurden Serben, Zigeuner und Juden zusammengetrieben und zur Liquidierung in Konzentrationslager gebracht. Das schlimmste KZ war Jasenovac südöstlich von Zagreb, in dem allein 7000 Kinder umgebracht, einmal in einer Nacht 1370 Gefangene mit Hackmessern geköpft wurden.

Der kroatische Holocaust entsprang nicht nur rassischem und ideologischem Hintergrund, obwohl die Ustaschen eifrig deutschem Beispiel nacheiferten. Sie ernannten sich selbst zu einer Art Ehrengermanen, von versprengten Goten oder gar Ariern aus Persien abstammend, im Gegensatz zu den breitschädelligen serboslawischen Untermenschen „langschädelig“. Diese „kroatische Rasse“ war per Ahnenpaß nachzuweisen.

Dazu verdunkelte als Zagreber Spezialität aber noch klerikaler Fanatismus die kroatische Abart des Faschismus. Der katholische Klerus erteilte dem völkermörderischen Wüten seiner kroatischen Glaubensverteidiger nicht nur seinen Segen. Bischöfe und die katholische Presse stellten sich offen hinter den Kreuzzug der Ustaschen gegen orthodo-

xe Serben und moslemische Bosnier. Doch die Kirche tat noch mehr: Priester, vor allem Mitglieder des Franziskanerordens, mordeten eigenhändig mit. Ein Kommandant des infernalischen Jasenovac-KZ war der Franziskanerpater Miroslav Filipović. Sein Nachfolger, der Pfarrer Ivica Brkljačić, stellte einen Beichtstuhl auf, in dem er Häftlingen vor ihrer Liquidierung noch Geständnisse und Informationen abpreßte.

Erzbischof Stepinac, nach dem Krieg von einem Volksgericht zu 16 Jahren Gefängnis verurteilt, hielt Jasenovac zwar für einen „Schandfleck“, fand gleichwohl viel Lobenswertes am Pavelić-Regime: Die Zahl der Abtreibungen, „vor allem von jüdischen und orthodoxen Ärzten praktiziert“, sei um zwei Drittel gesunken. Auch die Pornographie, vor allem von Juden verbreitet, sei verschwunden. Nicht zuletzt habe die Regierung den Priesterlohn erhöht.

Papst Pius XII. empfing den Poglavnik in Privataudienz und schickte ihm später einen Rosenkranz, den der katholische Kriegsverbrecher bis zu seinem Tode stets bei sich trug.

So heizte die Kirche jene Haßkultur mit an, die damals bestialische Verbre-

chen zeitigte und unsägliches Leid verbreitete und die noch zwei Generationen danach hinter jenem Rachewüten steht, das heute die damalige Opferseite treibt, jegliches Menschenrecht zu mißachten.

Damals, 1941, wollten es viele serbische Dörfner einfach nicht glauben, daß der Staat selbst einen Teil seiner eigenen Bevölkerung ausrotten wollte, so Aleksa Djilas, Sohn des Tito-Gefährten Milovan Djilas in einem Buch über Jugoslawiens Nationalitätenstreit. Bauern, die an Untaten einzelner oder Mißverständnisse glaubten, suchten bei der Ustascha Schutz vor dem vermeintlichen Banditen – und lieferten sich so selbst gleich den Henkern ans Messer.

Schnell lernte das Volk, daß in dem Schlachthof, zu dem Jugoslawien unter der Achsenmächte-Besatzung verkam, jede noch so perverse Barbarei möglich

schen Soldaten 50 bis 100 jugoslawische Geiseln erschossen werden sollten.

So wandten sich die Tschetniks, die ihre Kämpfer fast ausschließlich unter Serben und Montenegrinern rekrutierten, den Feinden der Serben zu: Kroaten und Moslems. Sie mordeten nicht weniger grausam als die Ustascha.

In der bosnischen Stadt Foča, in der zuvor schon Kroaten gegen die dortigen Serben gewütet hatten, massakrierten Tschetnik-Kommandos im Juli 1941 Tausende Moslems und warfen ihre Leichen in die Drina, die sich hinter den Kadavernmassen staute. Foča zählte auch jetzt wieder zu den zwischen neuen Tschetniks und Moslems umkämpften Orten in Bosnien – Balkanschicksal.

Im Frühsommer 1941 tauchte eine neue Kraft auf, geführt von einem Mann, der zur bedeutendsten Gestalt der jugoslawischen Geschichte werden

Tschetnik-Führer Mihajlović (3. v. l.):

Kleriker unter Faschisten in Zagreb\*: Priester mordeten eigenhändig mit

war. Bald messerten auch die Kroaten nicht mehr allein: Unter den Untaten serbischer Rächer zählte eine kroatische Dokumentation, die 54 verschiedene Torturen registrierte, folgende auf: „Frauen lebendig die Brüste durchstoßen und die Hände durchgezogen.“

Aus versprengten Gruppen der geschlagenen Armee hatte schon bald nach der Kapitulation der monarchistische Generalstabsoberst Draža Mihajlović eine Widerstandsorganisation gebildet, die er Tschetniks nannte. Die Freischärler, die dem König im Exil Treue schworen und für ein Großserbien kämpften, überfielen Polizeistationen und Außenposten der Wehrmacht – was sie jedoch einstellten, als laut einem Führerbefehl für jeden getöteten deut-

sollte und dem es als bislang einzigem gelang, den Nationalitätenhaß der Südserven zumindest zu seinen Lebzeiten zu bändigen: Josip Broz aus Kumrovec in Kroatien, der sich Tito nannte.

Broz, Sohn kroatisch-slowenischer Eltern, wurde als Korporal der k. u. k. Armee in Rußland gefangengenommen. Dort schloß er sich den Kommunisten an. Mit einer russischen Frau kehrte er 1920 in das südslawische Königreich zurück und baute die illegale KP mit auf. Fünf Jahre saß er im Gefängnis, bevor er 1934 zur Komintern nach Moskau kam. Er überlebte die Stalinschen Säuberungen, kehrte nach Jugoslawien zurück, wo er 1939 zum Generalsekretär der kommunistischen Partei aufstieg.

Als die Deutschen im April 1941 einmarschierten, verbarg sich Tito mit seiner zweiten volksdeutschen Ehefrau,

Herta Haas, in Zagreb. Die Kommunisten entschlossen sich erst zum Widerstand, nachdem Hitler am 22. Juni die Sowjetunion überfallen hatte – bis dahin galt ja für Genossen in aller Welt noch der Hitler-Stalin-Pakt.

Anfang Juli beschloß das Politbüro die Gründung der Partisanenbewegung. Titos Führungsgruppe war im Gegensatz zu den kroatischen Ustaschen und den serbischen Tschetniks national durchmischte. Zum Politbüro gehörten der Slowene Kardelj, der Serbe Ranković, der Montenegriner Djilas, der Jude Pijade und der Kroat Končar.

Im September eroberten die Partisanen die südserbische Stadt Užice mit seiner Gewehrfabrik, die 400 Karabiner am Tag samt dazugehöriger Munition produzierte, und einer Bank, in der 55 Millionen Dinar lagen. Tito versuchte, den Tschetnik-Führer Mihajlović für einen Pakt zu gewinnen. Doch der königstreue Oberst mißtraute dem Kommunisten zutiefst, hielt ihn, da Tito Serbokroatisch mit russischem Akzent sprach, für einen Russen und Agenten Stalins.

Bald kam es zu Zusammenstößen zwischen Tschetniks und den Partisanen, die eine „Republik Užice“ ausgerufen hatten. Tschetniks ermordeten 30 Mädchen, die sich den Partisanen anschließen wollten und sich in befreitem Gebiet wählten.

Als die Partisanen zum Gegenangriff antraten, rief Mihajlović die Deutschen zu Hilfe und übergab ihnen gefangene Tito-Kämpfer. Fortan herrschte Krieg zwischen dem königlichen und dem kommunistischen Widerstand.

Da die Partisanen ihre Angriffe auf die Besatzer konzentrierten, reagierten die Deutschen mit „bis dahin unvorstellbaren Maßnahmen“, so Milovan Djilas

der schon vor dem Krieg ein Memorandum »Über die Guerilla-Verteidigung Jugoslawiens« verfaßt hatte.

Da das Land von Besatzungstruppen weitgehend entblößt war – Hitler brauchte jeden Mann für den Rußland-Krieg –, konnte Mihailović anfangs beträchtliche Gebiete unter Kontrolle bringen. Die jugoslawische Exilregierung ernannte ihn zum »Befehlshaber der Heimatarmee«, und die Briten schickten ihm per U-Boot einen Verbindungsoffizier.

Mihailović, ein Mann von großem persönlichen Mut, dem auch seine Gegner Achtung zollten, war das Idol seiner Leute und lange Zeit auch der serbischen Bevölkerung. Er verkörperte den legendären Typ des bärtigen Insurgenten mit gekreuzten Patronengurten, wie ihn die serbische Geschichte kennt; doch er verspielte sein Prestige, als er anfang, mit den Besatzungsmächten zu paktieren. Zudem erwuchs ihm ein Rivale, der bald zu seinem Todfeind wurde: Josip Broz, genannt Tito, Chef der Kommunistischen Partei Jugoslawiens und Begründer des erfolgreichsten Partisanenheeres der modernen Kriegsgeschichte.

Im Herbst 1941 trafen sich die beiden Männer zweimal, um über ein gemeinsames Vorgehen zu beraten. Beide Male kam Tito zu Mihailović, der damals noch der Stärkere war. Sie sprachen lange miteinander: Zwei Männer im gleichen Alter, um die 50, aus dem gleichen Holz geschnitzt, in der gleichen Lage, mit dem gleichen Feind. Beide standen vor der großen Prüfung ihres Lebens. Und beide spürten, daß es zusammen nicht ging, daß es nur heißen konnte: Der eine oder der andere.

Natürlich gab es auch politische Gründe für das Zerwürfnis: Mihailović wollte die Restauration, die Wiedererrichtung des Königreichs unter serbischer Führung; Tito wollte ein sozialistisches Jugoslawien unter Führung der kommunistischen Partei, will heißen, unter seiner Führung. Und so trennten sich die beiden Partisanenchefs in dem sicheren Gefühl, daß sie früher oder später aufeinander würden schießen müssen.

Tito hatte die stärkere Vision und die klarere Marschroute: Er griff an, wo er konnte. Binnen Jahresfrist stieg er zur beherrschenden Figur auf. Der Partisanenkrieg war sein Element, niemand war über ihm, er war Herr über Leben und Tod. Er bestimmte die Gesetze dieses Krieges, er zwang dem Gegner seine Strategie auf. Er war unerbittlich – gegen sich selbst, gegen die eigenen Leute, gegen den Feind. Der Krieg wurde mit kalter Grausamkeit geführt, auf beiden Seiten. Gefangene wurden nicht gemacht, weder hüben noch drüben.

Die deutsche Besatzungsmacht antwortete auf die Überfälle der Partisanen mit drakonischen Repressalien. Die »Sühnequote« für einen getöteten Deutschen wurde mit 1:100 festgesetzt. In Kragujevac, einem serbischen Städtchen 100 Kilometer südlich

von Belgrad, veranstaltete die Wehrmacht ihr schlimmstes Blutbad: Nach einem Partisanenangriff auf die Truppe wurden laut amtlicher deutscher Bekanntmachung 2300 Geiseln erschossen, darunter die gesamte Oberstufe des örtlichen Gymnasiums. Die Massentötung mit Maschinengewehren dauerte sieben Stunden.

Doch weder der Terror noch die militärischen Operationen der Deutschen konnten Tito in die Knie zwingen. Mehrfach entkam er nur knapp der Gefangennahme; nach jedem Rückschlag gelang es ihm, seine Lage wieder zu konsolidieren. Längst hatten die Operationen von Serbien auf Bosnien-Herzegowina, und damit auf den Ustascha-Staat übergegriffen. Ustascha-Leute, die den Partisanen in die Hände fielen, konnten nicht auf Gnade rechnen, Titos Leute umgekehrt genauso wenig. Es war ein Krieg aller gegen alle, ein Blutrausch: Der Tod selbst war der wahre Herrscher des Landes.

Im November 1943, nach zweieinhalb Jahren Krieg, konnte Tito im »befreiten Gebiet«, im Herzen Bosniens, eine provisorische Regierung ausrufen und sich selbst zum Marschall und Präsidenten des Nationalen Befreiungskomitees ernennen lassen. Er erklärte die Exilregierung für abgesetzt und verbot dem König das Betreten des Landes. Die Alliierten erkannten ihn offiziell als Verbündeten an.

Die Briten, die ihm zuvor schon eine Militärmission geschickt hatten, holten ihn bei der nächsten deutschen Offensive mit einem Transportflugzeug aus dem Kessel und brachten ihn auf der Adria-Insel Vis in Sicherheit, wo er sein neues Hauptquartier einrichtete.

Tito war nun ein politischer Faktor geworden. Churchill ließ ihn nach Neapel kommen, als er den italienischen Kriegsschauplatz inspizierte. Tito hatte darauf bestanden, seine Leibwächter und seinen Schäferhund »Tiger« im Flugzeug

ministerium, beim Auswärtigen Amt und bei den Vereinten Nationen. Überall erhielten sie die gleiche Antwort: »Wir würden ja gern helfen, aber leider...«

Kinkels Außenministerium fragte immerhin über seinen Genfer Botschafter bei den UN nach. Die Antwort, datiert vom 6. Juli, zeigt die Hilflosigkeit. »Die UN fühle sich überfordert, Kinder oder andere Personen für eine Evakuierung auszuwählen«, kabelte der Botschafter, und weiter: »Im übrigen spreche vieles dagegen, moslemische Kinder aus ihren Lebenskreis herauszureißen und in ein christliches Land zu schicken.«

Auf diese Linie zog sich auch der AA-Chef zurück. In einem Telefonat mit Angelbeck äußerte Kinkel laut einer Aktennotiz des Abgeordneten »Verständnis, blieb aber dabei, aus seiner Sicht die UN-Beschlußlage nicht unterlaufen zu können«. Angelbeck dazu: »Der Minister macht sich der unterlassenen Hilfeleistung schuldig.«

**D**ie beiden Provinz-Politiker brachen daraufhin mit Unterstützung des Magdeburger Sozialministeriums ins ehemalige Jugoslawien auf. Von Split aus organisierten sie den Transport der Kinder mit Bussen aus Sarajevo, besorgten Passierscheine von Serben, Bosniern und Kroaten für die Fahrt durch das umkämpfte Gebiet. Alle Parteien hielten sich daran – bis auf jenen Heckenschützen, dessen

Schüsse zu der Tragödie führten.

Prompt erinnerten sich die Magdeburger Parlaments-Kollegen daran, daß die beiden aus Westdeutschland importierten Kollegen schon vorher als zwielichtige Gestalten galten. Der ursprünglich für die SPD gewählte ÖTV-Gewerkschaftssekretär Angelbeck hatte seine damaligen Parteifreunde als »bornierte Polit-Amateure« beschimpft und die Fraktion verlassen, sein Mandat aber zur CDU mitgenommen.

Auch der gelehrte Journalist Knolle war schon einmal auf Zeit aus der Union ausgetreten und machte vor allem durch persönliche Eskapaden Schlagzeilen, etwa wenn er in einem Dessauer Hotel eine Angestellte als »Stasi-Ziege« beschimpfte und in der Halle tobte: »Wenn ich schon ein Zimmer ohne Scheißhaus habe, dann möchte ich wenigstens ein Stück Seife haben.« Nach einem Fallschirmabsprung in seinem Wahlkreis Quedlinburg verfaßte er persönlich eine Presseerklärung: »Der CDU-Landtagsabgeordnete Karsten Knolle liebt den Nervenkitzel.« Eine Art Mülle-mann für Arme also.

Ob die beiden sich bei ihrem Sarajevo-Abenteuer in erster Linie für die Kinder oder doch mehr für die eigene Publicity eingesetzt haben, ist deshalb im Magdeburger Landtag umstritten. Knolles erste Reaktion auf den Tod der Kinder war jedenfalls: »Das wird ein gefundenes Fressen für die Presse sein.«

WOLFGANG BARTHEL

zeuge bis zur Attacke vergeht so viel Zeit, daß eine solche Einheit meist nicht mehr da steht, wo sie gesichtet worden ist. Zum anderen ist bergiges, bewaldetes Gelände für die Luftabwehr vom Boden günstiger als für den Angriff aus der Luft.

»Die bevorzugte Waffe der Serben um Sarajevo herum«, sagt General MacKenzie, »ist der Mörser. Die werden in Krankenwagen umhergefahren, in Schulbussen oder in Jeeps. Und es ist deshalb nicht möglich, solche Ziele zu finden.«

Die Serben operieren mit einer Partisanen-Taktik, wie sie Marschall Tito einst erfolgreich praktiziert hatte. Sie bewegen sich im Schutz der Zivilbevölkerung und agieren aus ihrer Mitte heraus. Wer sie angreift, muß deshalb auch bereit sein, Zivilisten zu töten.

Nicht kleckern, sondern klotzen möchten deshalb manche, die das tatenlose Zusehen leid sind. Mit einer Streitmacht von der Größe der Golfkriegs-Koalition – das waren 800 000 Mann – müßte sich doch das gesamte Land befrieden lassen. In der Tat gibt es dafür ein Beispiel. Als zwölf deutsche Divisio-

nen Jugoslawien im April 1941 binnen zwei Wochen überrannten, starben nur 151 von 150 000 deutschen Soldaten. Drei Jahre später jedoch waren 30 Divisionen mit einer halben Million Soldaten im Kampf mit den Partisanen auf dem Balkan gebunden. 1,3 Millionen Zivilisten waren bis dahin getötet worden und schätzungsweise 150 000 deutsche Soldaten.

»Der Bürgerkrieg in Jugoslawien ist wie ein Schwamm«, sagt Ex-General Schmückle. »Wie der das Wasser aufsaugt, saugt so ein Krieg Truppen auf, sobald man dort hineingeht.« Und Nato-General Galvin: »Wir brauchten eine große Streitmacht über lange Zeit. Das kostet viel Geld und viele Menschenleben. Und wir wüßten dann immer noch nicht, wie das Ergebnis aussieht. In diesem Krieg gibt es mehr Mitspieler als nur uns. Auf der Gegenseite operieren irreguläre Truppen. Und die hat letztlich keiner so richtig unter Kontrolle.«

Vermutlich werden die Amerikaner deshalb in den UN darauf dringen, nur einen Landkorridor freizuhalten, durch den Hilfsgüter in eingeschlossene Städte wie

A.

Vier-Sterne-General John Galvin, fragt. Ob man den kanadischen General Lewis MacKenzie hört, der bis vor einer Woche die UN-Truppen in Bosnien-Herzegowina führte. Oder ob man mit deutschen Militärs wie dem ehemaligen Flotillen-Admiral Elmar Schmückle oder Ex-General Gerd Schmückle spricht. Sie alle sind überzeugt, daß es keine militärische Lösung gibt, und daß jeder Versuch, mit Waffengewalt auf dem Balkan einzugreifen, Risiken birgt, die den Politikern und Strategen im Lehnstuhl nicht klar sind.

Die Fachleute haben Sorge, Soldaten könnten in ein zweites Vietnam oder eine Art Nordirland in Südosteuropa hineingezogen werden, und warnen vor bloßem Aktionismus. Das fängt schon bei der Lieblingsidee der Laien an, mit überlegener Luftaufklärung und ein paar gezielten Einsätzen von Flugzeugen oder Hubschraubern ließe sich die serbische Artillerie ausschalten. Zum einen handelt es sich dabei um kleine mobile Einheiten. Von der schwierigen Entdeckung durch Satelliten oder Aufklärungsflug-

In Bosnien-Herzegowina errichteten die Kriegsparteien mindestens 41 Lager, wie die Belgrader Zeitschrift »Vreme« recherchierte. Die meisten Menschen wurden von den Serben interniert

Dear Sir,

As a strong believer in the Whole-Mighty God and God,s Judgment over the life on this earth I took a liberty to write this appealing-letter to you and your Church Sir, because I consider your Church to be the most progressive, just and freedom-loving Church in this world.

Your Church represents a symbol of God,s Love on this earth and stands for a just and progressive policy of live and let living, a policy that my, the Orthodox Church, stands for, what I can not say for the Romancatholic Churches and the Isla mic Religions. These two latter religions are striving for a domination in the world.

I am appealing to You and Your Church Sir to stand up and to raise your voices against the slanderous and inhuman anti-serbian propaganda currently conducted in the U.S.A! The islamic petro-dollar is undermining the Moral and the Faith in the American Public!

I am a retired N.C. Officer, United States Army. I have served over 20 years in the U.S. Army with a great Pride and Honor.

Being boren in former Yugoslavia, Western Bosnia, I was 13 years old when in April 1941 the German Armies invaded the former Kingdom of Yugoslavia. The German Troops did not do any harm to us civilians, but when the German Troops left the area and the Croatian-Moslim ustashe (Pavelic,s SS Troops) took over the area a systematic extermination of Serbian People has started. Almost one million of Serbian People have been slaughtered from 1941 to 1945.

I am a living witness who has survived the Croatian-Moslim genocide over the Serbian People in Bosnia and Croatia, in WW II, those were the years of Serbian catastrophe.

In spite of such a terrible ordeal under Croatian-Moslim terror, and a loss of almost a million of Serbian lives the Serbs, credulous as they are, have forgiven the Croats and Moslims for their crime against the Serbian People, and have lived with them in a peace and friendship for over 45 years, with over hundret thousand of mixed marriages.

After 45 years of a peaceful life with the Serbs, the Croats and Moslims joined their forces again in 1991 and turned against the Serbian neighbors, with a plan to eliminate the Serbian People form Bosnia and Croatia. The Serbian People in Bosnia and Croatia had no choice but to take the arms and to defend their homes, land and families.

And only for this reason the Serbs are called in the U.S. A. bad people and aggressors. Naver before in man,s history have defenders being called aggressors!

How can someone be called aggressor who is simply defending his home and his family on his own land , where he and his predecessors have lived for over 300 years; to call such people aggressors is not only untrue and absurd it is very much inhuman.

Dear Sir, American Public is deliberty and totally misinformed about the civil war in Bosnia and Croatia; the United States News Media is morally undermined, and is partially controlled by the petro-dollar millioners and small groups of U.S. vicious individuals, who are only interested in making a profit, regardless how.

I

The civil war in Bosnia is becoming more and more a religious war, it is a n Islamic war against the Christianity, unfortunately the Vatican, for whatever reasons, is partially siding the islamic fanatics in Bosnia against the Serbian People there. <sup>11/74</sup>

Islamic fanatics and Arabian oil-millioners have invested billions of Dollars in the International News Media, and particularly in the U.S.A., because our media is morally very weak. The islamic fanatics have also invested a lot in our last year,s Presidential Election, as well as the Senatorial and Congressional Elections.

The purpose of this investment is very clear, it is to gain a sympathy for Bosnian islamic fanatics and to ensure a public support for the establishment of an Islamic Republic in the heart of Europe.

Since 1.500,000 of Serbian People living there are opposing such an Islamic Republic in Bosnia, naturally the Serbs have become the main target for the slanderous propaganda in the Western News Medias.

The so called ethnical cleansing, mass rape and some kind of concetration camps are all part of a slanderous propaganda. In reference to the c-camps, in Jul of 92 there were a total of 40 such camps in Bosnia, and only 14 were in Sergian area, but 27 of them were in Croat-Moslim area, see the attached document - published by a German well-know magazin The STERN.

Never before in the human history was one nation subjected to such a brutal and slanderous propaganda as the Serbian People have been subjected during the last two years.

I have retired from the active duty with many commendations and war decorations, because I was always proud to be an American and therefore have served eagerly and sincerly in an army which has stood as a deterrent against a communist tyranny, since I always have been a staunch anti-communist; However, I am very much disappointed about our new Administration, and particularly with President Clinton and his unfair anti-serbian policy in regard to the civil war in former Yugoslavia.

His policy toward the civil war there seems to be based on a misleading and falsified information, spead out in the U.S.A. by the vicious U.S. News Medias such as the CNN, New-York Times, the Newsweek and others like them: Rather than on the current true and historical factors in that area.

The true factors about the conflict in Yugoslavia are:

1. The Serbs did not rule 45 years with communist Yugoslavia, the rulers were - Croats Tito and Bakaric and a Slovene E. Kardelj. The Serbs were only slaves of Tito,s regime, ppartially by their own fault.
2. Former Yugoslavia has been broken up by the croatian, moslim and slovenian nationalists with a strong support from German and Austrian Governments - for revengistical reasons. The stubborn former communist S. Milosevic and his nationalists have contributed a great deal to the brake up of Yugoslavia.
3. During the first free-elections in 1990 over 95% of Serbs in Bosnia and Croatia rejected the communism and have voted for democratic parties, thus, the German and Croatian propaganda in the West that the Croats and Moslims -democrats - are fighting the communists Serbs was and still is without any foundation. The contrary is true - the Serbs are defendng themselves against croatian fascists and isla mic fanatics.
4. The Serbs did not starte this civil war, the war was forced upon them by the croatian and moslimish fananatics, and an irresponsible-premature Western recognition of Bosnia and Croatia as states.

11

It was the Croat Franjo Tudjman who has bought weapons outside and declared a war against the Serbs and Yugoslav Army in Croatia.

It has been the Moslim Alija Izetbegovic who forcefully - against the will of Serbs - broke away from Yugoslavia, mobilized his followers and declared a war against all those who do not submit to his will.

The Serbs there are only defending their land, homes and families against the Croat-Moslim fanatical hords.

5! The Serbs in Bosnia and Croatia want only a right for self-determination, which they do not have in Bosnia and Croatia.

6. After this civil war nobody with a clear mind can expect the Serbs, Croats and Moslims to live together again under a centralistic regime; for a simple reason that the Croats and Moslims are always going together against the Serbs - it is two to one - and the Serbs have no chance to live among these two anti-Serbian people. This is a factor that every normal person must accept.

7. The communist internal demarcation lines can not be taken as legal borders between states, some corrections must be made.

8. A voluntary resettlement must be offered to all three people in the area, that is the only way to satisfy most of the people there.

9. The Bosnian Moslim leader A. Izetbegovic is very well known as an Islamic fanatic, he spent many years in jail for that reason. He has laid his cards on the table with his Islamic statement in 1990.

Izetbegovic has said: There can be no peaceful coexistence between the Islamic and non-Islamic Religions, as well as between the Islamic and non-Islamic Institutions, Daily Telegraph 11 May 1990.

He further has said: The Islamic Movement must and can dominate in the world as soon as it becomes morally and numerically strong enough, not only to destroy the non-Islamic forces, but also to establish a new Islamic domination in the world.

And this is the man that President Clinton is whole-heartedly supporting in Bosnia - what a pity!

I do not know whether President Clinton is aware of his wrong-doings, but - for whatever reason - he has profiled himself in the eyes of the world as a strong supporter of Islamic fanatics and a staunch foe of over 14,000,000 Serbian People in the world, including over half a million of us American Serbs, our children and grand-children to come.

With all respect for him and his office, I have an impression that he is not too much interested in a just solution for the civil war in Bosnia and Croatia. It seems that his entire effort is directed toward an appeasing of Islamic fanatics in the world and a punishment of the Serbian People.

I want to qualify my letter by saying that my letter is not directed against any people as whole. I am only stating the facts the way I see them, but I am criticizing political wrong-doings and the slanderous propaganda in the U.S.A.

There are no good and bad nations in this world, but there are good and bad people in every nation. I am not saying that all Serbs are good people and all Croats and Moslims are bad people. There are good and bad individuals on both sides.

All people on this earth have their commencement and their history, and all people must be judged and treated in accordance with their

///

history and their deeds in the history, otherwise the history becomes irrelevant in our lives.

Thus, the Serbian History shows that the Serbian People have never been American enemies, on the contrary the Serbian People have always been friends and allies of the American People.

On the other end the Croats and Moslims have always been on the side of American enemies.

Now, the big question is why is the current American Policy so much antiserbian and so strong pro-croatian and pro-moslim?

And the other question is what has happened to the American Moral Value?

By looking at the historical and current true factors in this civil war and President Clinton,s actions in that case one could hardly believe that President Clinton,s policy toward the Serbs stands for a policy of Moral Value before the materialistic interest, which was traditionally the U.S.A. Policy in the past.

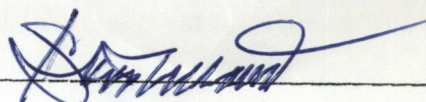

All three people in the civil war have done wrong, but absurd and alanderous anti-serbian propaganda in American News Medias is picturing only the Serbs as bad people and aggressors, which I condemn to the outmost.

The Serbian People have on their side the Whole-Mighty God, the solid truth and a strong Moral Value, and no amount of petro-dollars and slanderous lies can overcome and suppres this Might.

I believe in the God and his judgment over us people, and I am praying for the awaking of American People and a re-establishment of an American Moral Value, which is currently suppresed by the materialistic interest.

GOD Bless the America and all Good People in America!

Dear Mrs. Detlich,  
I hope I am not taking too much of your valuable time with this letter, but I just can not stand any more the slanderous anti-serbian propaganda in the U.S. News Medias and President Clinton,s short-sighted and mischievous anti-serbian policy.

I must complain to somebody, and by considering the United States Congress as the ultimate Judge of the United States Foreign Policy I am appealing to the U.S. Congress to take some steps and to correct the present U.S. ill-advised policy toward the conflict in the former Yugoslavia.

Dear Madam, I do not know if You have received my letter of 24th June 1992. My letter has reached your office on 7 July 92, but I do not know if You have seen that letter, because You were preoccupied with the election, and I have heard that You have had an undevoted (fake) Press-Secretary and he may have destroyed the letter. Attached to my letter were some of my personal (Conf) documents.

Dear Madam, I am not going to bother You too much with my writing, because I am attaching to my letter some copies of my correspondence with the U.S. Senate and some religious organizations in the U.S.A.

I hope You can use some of this information in your work with your colleagues to correct the current U.S. Policy (President Clinton,s Policy) toward the Serbian People in Bosnia and Croatia, as well as the ill-formulated U.S. Policy toward the new Yugoslav State with ten million of citizens.

I am strongly appealing to the U.S. Congress to do something and to stop this absurdity and double-morality in the U.S. Policy formulated for the former Yugoslavia. It is not only absurd, but very much unjust and inhumane to support and to recongnize every referendum that the Croats, Muslims, Slovenes and Macedonians make, but on the other end denying every right to the Serbian People in Bosnia and Croatia for a selfdetermination or any referendum, in spite of the fact that the Serbs are American traditional friends. There must be something wrong with such a policy there is no question about it.

The current U.S. Policy toward the conflict in Yugoslavia does not lead to any solution of the conflict, on the contrary, it leads toward the widening of the war and much more blood-shed.

President Clinton is only encouraging the bosnian muslim fanatics by promising them more weapons and threatening the Serbs with a bombardment. He is also encouraging the siftars (albanians) on Kosovo by promising them every support in their rebellion against the Yugoslav-State, and at the same time threatening the Yugoslav Government with a bombardment if the government attempts to establish a law and order on its territory - how absurd can we get?

I do not know if President Clinton is aware of his wrong-doings, but I am afraid if he continues in the same direction he is going to range himself in a group of the serbian worse enemies.

I have a Great Trust in the United States Congress and good American People, and I ma confident that the American People and the U.S. Congress shall realize and correct the astray policy of President Clinton and his ill-adviser.

The civil war in Bosnia has become a religious war, it is a war between the Christianity and the world islamic fundamentalism. It is not a war between the Christian and Islamic Religions, but a war between the Christianity and islamic fanatical countries - Saudi Arabia, Turkey, Iran, Sudan and Pakistan.

Here is another exampel of a double-morality in our Foreign Policy - we consider ourselves as the leading democrats and Christians, but we are the best friends and allies of a country - Saudi Arabia - that has a death punishment for anyone advocating or practicing the Christianity in that country.

We are supposedly against the islamic terror in Iran and its regime, but our government is working hand in hand with the by Iran trained and finaced islamic fanatics in Bosnia A. Izetbegovic and his followers, it is just pitiful and shameful to put it in a mild way.

I have survived the Croatian-Muslim genocide in Bosnia over the Serbian People in the World War Two, and have escaped the Tito,s communist regime in 1945. I have made the U.S.A. my homeland and have served over twenty years proudly and faithfully in the U.S. Army.

I have always believed in America and its Humane Justice, but I must say that I am very much disappointed with the current U.S. unjust policy toward the Serbian People in Bosnia and Croatia.

Never-the-less, I still have a Faith in America and a high hope in the United States Congress.

Thank You very much for your time Madam,

Respectfully, Steve Milanovic,  
N.C. Officer, U.S. Army (Ret)

Dear Sir,

Please do take couple minutes of your valuable time and read this letter.

The only purpose of this letter is my attempting to supply You with fragmentary pieces of information about the civil-war in Bosnia and Croatia. This is an information which You can not get from the U.S. News Media, because our news media is very much influenced by the petro-Dollar, and most of the information U.S. Public gets concerning the civil-war in Bosnia and Croatia is false, one-sided and very much anti-serbian, Sir!

President Clinton has been misled by such a false information, prior to being elected for President, and being unaware of the historical factors and the current truth in that area, overcommitted himself to the islamic fanatics; thus, has (unwillingly) sided himself and the U.S Policy with the islamic fanatics and against over 14,000,000 of Serbian People in the world, including almost a million of us Serbs in the U.S.A. and Canada.

His committment to the islamic fanatics is a direct result of a deliberate misinformation and slanderous anti-serbian propaganda, spread out in the United States by such news medias as the CNN, New York Times and the Newsweek Magazine.

Dear Sir, I am appealing to You to take a look at the below listed factors, and by using your entrusted position and political experience to take an initiative in the U.S. Senate and to work out a just solution for the civil-war in Bosnia and Croatia. A just solution can only mean an equal right for all three people in the area. So far only the Croats and Moslims have been given a right for selfdetermination, and the Serbian People in Bosnia and Croatia do not have this right until now, I mean until the U.S. Senate does not guarantee them this right!

Dear Sir, I consider the following factors of a major importance in any formulating of a peaceful and just solution for the civil-war in Bosnia and Croatia:

Factor One; The rulers of former Yugoslavia have not been the Serbs, but the Croats, Slovenes, Macedoniens and Moslims from Kosovo and Bosnia. The onlytwo Serbs that were initially with the Tito,s Regime - Djilas and Rankovic have been kicked out.

Factor two; The former Yugoslavia has been weakened by the serbian communists, S. Milosevic and his followers in the Serbia itself, but the f. Yugoslavia has been broken up by the German, Austrian and Hungerian Governments with the help of croatian, slovenien and macedonien nationalists and the islamic fanatics in Bosnia and Kosovo.

Factor three; In 1945, the Serbs have forgiven the Croats and Moslims for their crime against the Serbian People in World War Two, and have lived with them in peace and friendship for over 45 years over hundret thousand of mixed marriages.

Factor four; In 1991, the Croats and Moslims joined their ranks again and turned together against their Serbian neighbors in Croatian and Bosnian towns and villages, just like in 1941 to 1945. Thus, the civil-war in Bosnia and Croatia was not started by the Serbs, it was forced upon them by the Croats and Moslims and reinforced by the Western irresponsible-premature recognition of artificial states, within artificial borders.

Factor Five; The Serbs in Croatia and Bosnia are only fighting for their existence and a right for self-determination. They are only trying to prevent a genocide over them as the one in 1941 to 1945.

This time they have grabbed the initiative on time and have prevented the worse so far.

Factor Six; After this civil-war nobody with clear mind and a common sense can expect the Serbs and Croats to live together again with the Moslims under a centralistic government, with an Islamic supremacy. The main goal of the world Islamic fanatics is to establish an Islamic State in Bosnia and to eliminate the Christianity in that area.

Factor Seven; The Serbian People have never been American enemies, and have always been friends and allies of the American People. On the other end the Croats and Moslims have always been on the side of American enemies. Looking from a point of a Moral Value this factor must be more worth than any amount of petro-Dollars.

Factor Eight; The communist internal demarcation lines in former Yugoslavia can not be taken as legal borders between independent states. Certain corrections are unavoidable if we want a just and lasting peace in that area.

Factor Nine; As a result of a 500 years Turkish occupation of the Balkan Area, the Moslims in Bosnia-Herzegovina have inhabited only good land along rivers and in towns, and the Serbs were forced to inhabit or to settle only in wooded, mountainous and rocky areas.

Since three fourth of the Bosnia-Herzegovina territory is made up of mountainous and rocky terrain it is only natural that the Serbs are covering much more territory than the Moslims, but the U.S. vicious News Media deliberately ignores this important factor, in order to make the anti-Serbian propaganda more effective.

Factor Ten; During the first free-election in 1990, over 95% of Serbs in Bosnia and Croatia have rejected the communism and have voted for Democratic Parties in that area. Thus, the German, Austrian, Croatian and Moslim propaganda -spread out by vicious Western News Media, that the Croats and Moslims (democrats) are fighting against the Serbs (communists) has been and still is without any foundation what-so-ever.

The truth is that the Serbs are defending their families against the Croatian fascists and international Islamic fanatics. Particularly Saudi Arabia, Turkey, Iran and Pakistan.

Factor Eleven; A voluntary resettlement must be offered to all three people in that area, such resettlements are already being conducted, but not all of them are voluntarily, I am against any forceful resettlement.

Factor Twelve; There are over 600,000 refugees in the New Yugoslavia, including over 50,000 Moslims, but nobody in the West is talking about these refugees, because they are not on the financial burden to the Western Countries.

Factor Thirteen; Many thousands of Serbian Houses and hundrets of Serbian Villages have been destroyed and burned down by the Croats and Moslim wild hords. Over 3000 of Serbs have simply vanished from this earth, tens of thousands of Serbian Children and elderly people have been slaughtered by the Croats and Moslims, but the U.S. News Media reports (falsely) only if some Croat or Moslim has been killed.

Factor Fourteen; There are between 60,000 and 70, 000 armed Serbs in Bosnia who are defending their lives and their families against well armed 300, 000 of Moslims and Croats, plus 10-12,000 internatioanl islamic fanatics and well-paid mercenaries from the West.

The Croats and Moslims in Bosnia have in their possession - 231 tank, 300 pieces of artillery, 27 various rockets battery, 60 multi-barel rocket batteries, 5000 mortars various caliber, 100, 000 automatic and semi-automatic rifles and 15,000 machineguns. They also have eleven weapons and ammunition factories on their territory. Thus, the vicious individuals in the U.S.A. who are advocating more arms for the moslims are not interested in a peace in Bosnia, but in prolonging and intensifying the war in order to make some profit in selling the weapons.

Factor Fifteen; The bosnian islamic fanatical leader Alija Izetbegovic is well known as islamic fanaticer, he has spent many years in jail for his islamic fanaticism. He has received an islamic Holy-War (Djihad) reward last month in Saudi Arabia for his islamic devotion and his leadership against the Christianity in Bosnia. He has made his intention very clear in his Islamic Statement in 1990.

In his statement Izetbegovic has said = " there can be no peaceful coexistence between the Islamic and non-Islamic Religions as well as between the Islamic and Non-Islamic Institutuions"(Daily Telegraph 11 May 1990). He further has said = " The Islamic Movement must and can dominate in the world as soon as it becomes morally and numerically strong enough, not only to destroy the non-islamic forces, but also to establish a new Islamic Domination in the world ".

And this is the individual that the United States is supporting against our friends Christians Serbs. What a pity on all us Americans!

I have a high respect for President Clinton and his Office, but I can not support his pro-islamic and anti-serbian policy in the Bosnian Civil War, because his policy there is indirectly against me and my American children and grand-children.

There are good and bad people in every nation. All people have their commencement and their history, a nd all people must be judged and treated according to their history and the deeds in their history, otherwise the history becomes irrelevant in our lives.

The Serbian History shows that the Serbian People have always been American friends and llies. Now the big question is why is the current American Policy so much anti-serbian?

Dear Sir, I am closing my letter in a hope that I have somewhat enlightened your understanding of the tragical civil-war in for. Yugoslavia and am promising You further information if You so desire.

Thank You very much for your Time Sir,

Sincerly Steve Milanovic  
N.C. Officer, U.S. Army
