ESTABLISHED 1912

ST. JOHN'S CHURCH, 1000 N. 10TH ST., SUITE 100

St. John's Church is a historic building that has been converted into a modern office space. The building is located in the heart of the city and is a great example of historic preservation. The building is a two-story structure with a brick exterior and a gabled roof. The interior of the building is modern and bright, with large windows and high ceilings. The building is a great example of historic preservation and is a great place to work.

Lower Calories,

3 Reasons You'll Want to Switch

1. For Conscious Customers
Miller, there's no lower calorie and carb beer. So light, calorie counters won't feel guilty drinking it.

2. For Light Lovers
From the original MGD Light to have a lower calorie beer, the new MGD64 has the same fresh, crisp, cold-filtered taste and no lingering aftertaste.

4. Your Profit
Your customers can drink twice as many MGD64s for the same calories as one Bud Light. That means higher tabs and better profits.

See for yourself how MGD64 weighs against the competition

MGD64	
Bud Light®	= 64 calories, 2.4 carbs
Michelob® Ultra™	= 110 calories, 6.6 carbs
Amstel® Light	= 95 calories, 2.6 carbs
Heineken® Premium Light	= 95 calories, 5.0 carbs
Glass of Red Wine 6oz	= 99 calories, 6.8 carbs
Glass of White Wine 6oz	= 128 calories = 2 bottles of MGD
Vodka & Cranberry 5.5oz	= 120 calories = almost 2 bottles of MGD
Margarita 6.5oz	= 172 calories = 2.6 bottles of MGD
Daiquiri 6.5oz	= 264 calories = almost 3 bottles of MGD
	= 314 calories = 5 bottles of MGD
